GOVERNMENT OF MYSORE

SEPTEMBER 1899

BANGALORE

PRINTED AT THE SECRETARIAT BRANCH PRESS, BANGALORE

1899

CONTENTS FOR SEPTEMBER 1899

PART I, IN EXTENSO

GENERAL

No. 3094-6—G. F. 397-92, dated 1st—

Sanctioning the retention of the services of Mr. Rice, Director of Archæological Researches in Mysore, till the end of June 1901, and the transfer to his own personal control, at his office, of the separate establishment now maintained at the Government Central Press .. i

No. 3090-93—Mis. 858, dated 1st—

Fixing the pay of Messrs. N. Venkatesaiengar, B. A., M. B. Srinivasaiengar, M. A., and R. Narasimha Char, M. A. .. ii

No. 3213-4—Mis. 872, dated 4th—

Reducing the Contingent Allowance of the Government Press ii

No. 3215-23—Mis. 873, dated 4th—

Passing orders regarding the supply of certain printed forms to the Deputy Commissioners of Districts ii

No. 3301-40—Mis. 888, dated 6th—

Directing the general adoption of the use of rubber stamps in inscribing short headings and addresses on covers iii

No. 3490—Mis. 292, dated 12th—

passing orders on the pension application of Shamanna, retired Shekdar of Sasve Hobli, Honnali Taluk .. ... iii-iv

No. 3614-5—Mis. 950, dated 14th—

Directing that no more work should be given to private Presses iv

No. 3680-88—P. & A. 314, dated 15th—

Passing orders on the travelling allowance bill of the establishment of the Hassan Deputy Commissioner for May 1899 ... iv

No. 10-17 D, dated 15th—

Reviewing the Reports of the Deputy Commissioners on the Season Prospects of the year Vikari 1899-1900, up to 10th September 1899 ... . v-xiv

No. 3842 - Mis. F. 7-92, dated 20th—

Reviewing the Report on the Working Hospitals and Dispensaries in Mysore, the year 1897-98

No. 4150-89—Mis. 268, dated 26th—

Calling for the very early submission of the Annual Departmental Reports for 1898-99, with the statements relating thereto .. xv

No. 4403-42—P. & A. 366, dated 30th—

Sanctioning a bill on account of pay due to Srikantaiya, daftarband, Chikmagalur taluk, with the observation that in view to avoid delay and needless correspondence, bills of this kind should, in future, be forwarded to the Comptroller, who will [illegible] mit the same to Government for [illegible] duly verified

No. 3810-13—Mis. 1004, dated

Sanctioning the opening of a Di[illegible] the Malleswaram Extension, City

GENERAL (PLAGUE)

No. Pg. 235, dated 2nd—

Republishing the Madras Government Notification declaring certain places to be infected with plague in and outside the Madras Presidency xvii

No. Pg. 248, dated 6th—

Republishing the Madras Govern[illegible] dated 2[illegible] cation prohibiting pilgrim[illegible] bay Presidency, the Mysore [illegible] other plague-infect[illegible] Uchchangidurga, into [illegible] lary District, [illegible] not less than 100 [illegible] of the Go[illegible]

No. Pg. 358, dated 30th—

Notifying for general information that pilgrimage has been prohibited by the Madras Government to Gowrammal Jatra at Gummalapuram, Hosur Taluk, Salem District. xxiii

No. Pg. 360, dated 30th—

Notifying the prohibition of holding the Nagankere Jatra in Nagamangala Taluk. xxiii

No. Pg. 337-50, dated 30th—

Approving of the proposed reduction in the Plague establishments, amounting to Rs. 7,909 per mensem, with effect from 1st October 1899 ... ... xxiii to xxiv

EDUCATION

No. 3624-26—Ed. 130, dated 14th—

Sanctioning the disbursement of arrears of pay due to the Pandit in charge of the Sanskrit class attached to the Anglo-Vernacular School at Seringapatam, and directing that the necessary provision be made in future budgets xxxv

No. 3726-28—Ed. 133, dated 16th—

Passing orders regarding the removal of the office of the Inspector General of Education to Bangalore . xxxvi

No. 3816-18—Ed. 140, dated 20th—

Directing that, for reasons stated, the leave granted to Mr. K.A. Krishnasami Iyer, B A, High School Assistant, Central College, be treated as leave without allowances. xxxvi

No. 4294-96—Ed. F. 42-96, dated 28th—

Calling for further information regarding the building proposed to be purchased for the Students' Home at Shimoga . xxxvii

JUDICIAL

No. 3142-43—J. 275, dated 2nd—

Sanctioning the opening of 3rd Class Special Sub-Registry office at Mulbagal, Malur and Closepet xxxviii

No. 3365-66—J. 293, dated 7th—

Passing orders regarding the construction of two additional blocks in the Bangalore Central Jail xl

No 4040-41—J. 340, dated 23rd—

Sanctioning the re-opening of the Bangalore City Sub-Registry office from 1st October 1899 .. xli

No 4219-20—J. 376, dated 26th—

Modifying the Rules relating to the Mysore Local Service Examinations so as to admit persons who have passed the Lower Secondary Examination or the Matriculation Examination of any of the Indian Universities, taking Kanarese as their optional language, for the Registration Test in Kanarese. xlii

PART 1

GENERAL

Proceedings of the Government of Mysore.

No. 3094-96—G. F. 397-92, DATED BANGALORE, 1ST SEPTEMBER 1899.

ORDER.—The Archæological Survey of Mysore ordered by Government in the Proceedings quoted in the margin has been conducted by Mr. B. L. Rice, C.I.E., and the work turned out is described below :—

Proceedings No. 5087—506, dated 14th December 1887.
Proceedings Camp No 1150-53, dated 2nd March 1892.

Volume.	District	No of Inscriptions	No printed in Kannada	No transliterated	No. translated	Press.

XI	Chitaldrug	644	154	74	...	Bharati Bhavana.
XII	Tumkur	534	116	10	..	Bharati Bhavana.

2. The number of inscriptions to be dealt with proves to be much greater than was originally expected and Mr. Rice calculates that with uninterrupted attention on his part and with adequate arrangements for rapid printing, he will be able to complete the publication of his Volumes of Inscriptions in two years.

3. With the view of giving Mr. Rice some help in the expeditious carrying out of work still remaining to be done and at the same time of training a qualified Native Officer for undertaking any archæological work that may arise in the future, Mr. R. Narasimhachar, M.A., Translator to Government, has already, in Proceedings No. 9195-97—Mis. 2034, dated 7th February 1899, been appointed Assistant to the Director of Archæological Researches in Mysore.

4. The Government agree to the transfer to Mr. Rice's own personal control, at his office, of the separate establishment (costing Rs. 183 per mensem) now maintained at the Government Central Press, all the type, furniture and other apparatus requisite being supplied by the Superintendent, Government Press, for setting up and correcting the proofs on the spot, and the chases being finally sent to the Government Press to be printed. The Superintendent, Government Press, is requested to carry out this arrangement as soon as the Director of Archæological Researches is prepared to receive the establishment and type, &c., above referred to.

5. Government are pleased to sanction the retention of Mr. Rice's services till the end of June 1901, and trust that this work of permanent value which has hitherto been conducted by him with such marked success, will be satisfactorily completed under his supervision before his retirement.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Director of Archæological Researches in Mysore.
The Superintendent, Mysore Government Press.
The Comptroller to the Government of Mysore.

READ AGAIN :—

Docket No. 55, dated 5th August 1899, from the Superintendent of Government Printing in Mysore, submitting three kinds of covers received from the Inspector General of Police for being printed and supplied, and suggesting that Heads of Departments may be requested to make use of rubber stamps in such cases, as this system would serve to avoid extra labour to the Press and unnecessary expense to Government.

Docket No. 2150-686, dated 5th August 1899, to the Inspector General of Police, consulting him as to the above suggestion.

READ—

Letter No. 803-76, dated 23rd August 1899, from the Inspector General of Police, reporting that the Superintendent's suggestion may be conveniently adopted.

No. 3301-40—Mis. 888, DATED BANGALORE, 6TH SEPTEMBER 1899.

ORDER THEREON.—In modification of the orders conveyed in para 2 of Government Proceedings No. 13258-93—Mis. 2831, dated 16th April 1898, the Government are pleased to direct the general adoption of the use of rubber stamps in inscribing short headings and addresses on covers instead of printing them as it is found by experience that the latter system is an unnecessary addition to the work of the Press to the detriment of more important calls

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Police in Mysore.
The Heads of other Departments.
The Deputy Commissioners of Districts.
The Superintendent, Mysore Government Press.

READ—

Letter No. 8106—P. & A. 777, dated 22nd June 1899, from the Comptroller to the Government of Mysore, submitting for the orders of Government an application for pension on behalf of Shamanna, retired Shekdar of Sasvi hobli, Honnali taluk, duly verified and reported on.

No. 3490—Mis. 292, DATED BANGALORE, 12TH SEPTEMBER 1899.

ORDER THEREON.—In this case the Comptroller has recommended a pension of Rs. 3-2-10, the amount to be deducted under Article 321 (*a*) of the Mysore Service Regulations, having been computed with reference to the age of the applicant at the commencement of his *superior* service. In a foot-note to the pension application the Comptroller has made an alternative proposal in the following words :—

"If the words "commencement of his qualifying service" in Article 321 (*a*) be taken to mean "commencement of service which *generally* qualifies as defined in Articles 234-35" and not "commencement of service qualifying for the pension to which the applicant is entitled," the amount to be deducted would be less and the applicant would be entitled to a pension not exceeding Rs. 3-6-4."

2. The Government are of opinion that the interpretation of Article 321 (*a*) admits of no doubt whatever. Reading that Article with Article 322 the words "at the commencement of his qualifying service" occurring in the former clearly mean the date on which the applicant entered the service of Government, though in an *inferior* capacity and though in such capacity he did not serve sufficiently long to earn either a pension or a gratuity. The same view is expressed in the British Civil Service Regulations, *vide* note appended to Rule 522 which runs as follows :—

"For the purpose of applying Article 521-a—(corresponding to Article 321 (*a*)—of the Mysore Service Regulations) the date of commencement of qualifying service of a postman or village postman, promoted to superior service under Article 439, is the date of actual commencement of inferior service."

READ—

(1) The following letter No. 1—8 D, dated 31st August 1899, from the Secretary to the Government of Mysore, General and Revenue Departments, to the Deputy Commissioners of Districts—

I am directed to request that you will be so good as to collect and submit to the Government full and accurate information regarding the prospects of the season, area of cultivation and condition of crops in your District, under the heads hereunder specified, namely :—

(*a*) Actual rainfall in each taluk since 1st June last up to the date of the report, namely, 10th September, as compared with the average rainfall in the corresponding period of the three preceding years.

(*b*) The area sown with food crops this year as compared with the area sown with similar crops in normal years, distinguishing Dry from Irrigated crops under (1) Tanks, (2) Wells and (3) River channels.

(*c*) The condition of water-supply in tanks this year, as compared with a normal year.

(*d*) The condition of the supply of fodder and the condition of the cattle.

(*e*) The condition of food-stocks in the towns and villages of the District.

(*f*) Prospects of the next harvest as far as can now be estimated.

(*g*) What early (mungar) crops, if any, have been or will be harvested in your District and what is the out-turn of such crops—in annas of a full crop? Have any and what such crops failed in your District? Has mungar land been resown with "Ain" crops and to what extent?

2. I am to request you to exercise special expedition in the collection of the information and to post the same on the evening of the 10th September 1899 without fail.

3. The information should be complete up to the 10th September, on which day it is proposed to leave your office.

4. It is of the utmost importance that no pains should be spared in making the information regarding the area sown, condition of water-supply, &c., as accurate as possible, and the Government have no doubt that by means of personal inspections by yourself, your Assistants and Amildars, you will make every effort to make this information accurate and reliable in every particular. The Government believe that yourself and your Assistants have already inspected the parts of your District which are likely to suffer first in the event of a prolonged drought, and I am to add that you will by means of rapid tours of yourself and your subordinates complete such inspection where necessary and thus make your report of 10th September as full and reliable as possible. I am to impress upon you the necessity of the strictest punctuality in giving effect to the above instructions.

(2) Letters received from the Deputy Commissioners of Districts in reply thereto, viz.—

No. 200 D, dated 10th September 1899, from the Deputy Commissioner, Bangalore District.

Nos. 866—175 and 905—184, dated 10th and 13th September, respectively, from the Deputy Commissioner, Kolar District.

Nos. 198, 203, 205 and 212, dated 11th, 12th, 13th and 14th September, respectively, from the Deputy Commissioner, Tumkur District.

No. 228, dated 10th Sept. 1899, from the Deputy Commissioner, Mysore District.

No. 192—S., dated 10th Sept. 1899, from the Deputy Commissioner, Hassan District.

No. 207—164, dated 10th Sept. 1899, from the Deputy Commissioner, Shimoga District.

Nos. 147 and 148, dated 10th and 11th September, respectively, from the Deputy Commissioner, Kadur District.

No. 175—170, dated 14th September 1899, from the Deputy Commissioner, Chitaldrug District.

(3) Telegraphic communications exchanged with the Deputy Commissioners of Kolar Tumkur, Kadur and Chitaldrug Districts.

extent, covered the deficiency of the two previous months in the Maidan Districts, though below the average in the Malnad Taluks of the Hassan, Shimoga and Kadur Districts. But these Malnad Taluks are just the Taluks which in ordinary years get a rainfall far in excess of their agricultural requirements.

From the reports read above, based as they are upon a personal inspection of most parts of their respective Districts by themselves or their Assistants and Amildars, it is observed that District Officers are unanimous in the opinion that recent rains have brought in a sufficient supply of water to the tanks and have materially improved the pasturage, that the season has assumed a favourable aspect and that all cause for apprehending a scarcity or famine has been dispelled. More rain has fallen throughout, subsequent to the dates reported on, and the water-supply must have considerably improved.

4. Some of the more important points referred to by the Deputy Commissioners in their reports, as affecting the prospects of the season, will now be noticed in some detail.

	Taluks.	Actual rainfall from 15th June to 10th September 1899.	Average for the corresponding period of the last 3 years

11	Yedahalli ...	23·20	50·10

5. *First as regards Rainfall.*—The Statement printed as Appendix A exhibits the actual rainfall from the 15th June to 10th September 1899 as compared with the average of the preceding three years for the corresponding period. It shows that with the exception of the comparatively few (18) stations noted in the margin, the fall has been generally normal and that it is noticeably deficient in the marginally* noted Malnad Taluks where the estimate of the out-turn of the rice crop this year does not range higher than 4 to 6 annas.

6. *Secondly as regards the Area under Cultivation.*—The Statement printed as Appendix B exhibits the area reported as actually sown during the present season with dry and wet crops, as compared with the normal area thus sown, together with the proportion of the area protected by irrigation (*vide* Cols. 5 and 9). The figures show that notwithstanding the untimely and scanty rainfall, about 62 per cent of the normal area has on the whole been already sown. The recent rains allow of the remainder being sown also, and it is very clear from the reports

NOTE.—In the Bangalore District, the area sown in a normal year under "Dry" has been shown as 541,800 acres. It has not been possible to discover how this figure has been reached. For the purposes of this Review therefore the figure has been taken as 536,862 which is the area ascertained to be Cropped unirrigated from the District Statistical Returns for 1897-98.

Rs. 99,18,932 would be available for affording relief to 400,670 persons for six months or for 36,060,800 persons for one day (in units of one day for three months). But though equipped to such an extent Government do not, under the present improved prospects, apprehend any probability of ryots and laborers losing their agricultural occupations and being compelled to resort to Government Relief Works.

10. *Next as regards the state of Fodder and condition of Cattle.*—Government are glad to learn that cattle are generally in good condition and that the ryots with their usual foresight have in store a sufficient quantity of fodder. Dry fodder was used during the past two months when there was scarcity of green fodder in the comparatively drier Taluks of the Kolar, Hassan and Shimoga Districts, whose names are noted on the margin. The recent rains have generally improved the pasturage and water-supply everywhere, and there is no reason to apprehend any necessity for throwing open Reserved Forests for grazing purposes or for the collection of jungle products by the people at any time hereafter.

Kolar District.
Bowringpet.
Sidlaghatta.
Srinivaspur.

Hassan District.
Channarayapatna.

Shimoga District.
Honnali
Kúmsi (Sub-Taluk).

11. *Lastly, as regards the condition of Water-Supply.*—The reports are satisfactory and there does not seem to be any cause for anxiety at least for some time to come. The following is a summary of the present condition of tanks in the respective Districts:—

Bangalore District.—Small tanks are full and some are even discharging. Big tanks have received a supply of water varying from 2 to 6 months' supply. In a normal year there would be about this time a 2 to 5 months' supply in all the tanks. The larger supply of this year is due to the tank-filling rains since the beginning of this month.

Kolar District.—Large tanks contain water sufficient to last for 15 days in some places and for 4 months elsewhere. The small tanks contain 8 days' supply in some places and 3 months' supply in other localities. In a normal year about this time many of the large tanks used to be full, while the smaller tanks used to contain 15 days' supply in some places and 6 months' supply elsewhere.

Tumkur District.—Some of the tanks are full, while the others contain 2 to 6 months' supply against a similar quantity in normal years.

Mysore District.—In Yedatore and Tirumakudlu-Narsipur Taluks, the tanks fed by River channels are full. To the tanks in the Taluks of Hunsur, Heggaddevankote, Chamrajnagar, Mandya and Malvalli, the recent rains have brought in some supply of water, and Mandya and Koppa tanks in Mandya Taluk are discharging. The tanks in Mysore contain water less than in normal years. The Vijiapur tank in Gundlupet Taluk has received a supply by recent rains and the other tanks in that Taluk have not yet received any water. In Seringapatam, some small tanks have received 2 months' supply, while the normal supply should have been for 4 months. In the Krishnarajpete Taluk, 41 tanks have received 1 month's supply and the remaining 142 have no water. In Nanjangud, the Kalalay tank, which had no water in it for 6 or 7 years, has received some water this year by the recent rains. In Nagamangala, a number of tanks have 15 days to 3 months' supply and 9 tanks are better this year in the Sub-Taluk of French Rocks than they were last year.

Hassan District.—In Hassan, Arsikere, Arkalgud and Channarayapatna Taluks, the tanks have 1 to 6 months' supply, while in Manjarabad a few are half full. In Belur, tanks have received water from 1 to 10 feet and in Hole-Narsipur 198 out of 263 tanks are dry,

READ—

Report on the Working of Hospitals and Dispensaries in Mysore for the year 1897-98.

No. 3842—MIS. F. 7-97, DATED BANGALORE, 20TH SEPTEMBER 1899.

REVIEW TUBEDON.—Including three dispensaries newly opened during the year, the total number of hospitals and dispensaries in the State amounted to 127. The number of patients treated was 929,612 against 802,148 in 1896-97.

2. Cholera prevailed to a large extent throughout the State, Shimoga and Kolar districts having suffered most. Tumkur, Hassan and Chitaldrug also suffered badly, while the only districts that were comparatively free were Bangalore, Mysore and Kadur. Out of 893 cases treated in hospitals and dispensaries there were only 31 deaths, while out of 2,070 cases treated by local medical officers outside the Government institutions, the number of deaths was 1,007.

3. The number of cases of small-pox treated during the year was 365 with six deaths against 245 with eight deaths in the year previous.

4. The surgical operations performed fell from 19,815 in 1896-97 to 16,905 in the year under review. The decrease is attributed to the fact that some major operations performed in the Government Eye Infirmary have not been included in the list for 1897-98.

5. The total expenditure amounted to Rs. 1,97,017 against 1,75,479 in the year previous, the Municipal and Local Funds contributing Rs. 59,734 against Rs. 70,385 in 1896-97. The percentage of total cost paid by Government was 74·71 against 69·43.

6. There were 81 midwives or 7 less than in the previous year. The number of cases attended by them was 3,760 against 4,551, the ratio of deaths per mille of total attended being 21·54 against 15·62 in 1896-97.

7. During the year under review, the Medical Service of the State was strengthened and the pay and prospects of the members of the various grades constituting it, were improved by a general revision effected in the establishment.

8. The Government regret to observe that there was a delay of over eleven months in the submission of this report, which was due in this office on 1st September 1898, but was not received till the 17th August 1899. It is hoped that such delays will be avoided and the report punctually submitted in future.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

No. 4150-89—MIS. 1268, DATED BANGALORE, 26TH SEPTEMBER 1899.

ORDER.—The Government having ordered the preparation of one consolidated Administration Report for the four years from 1895-96 to 1898-99, and the issue thereof before the close of December next, all Heads of Departments and Deputy Commissioners of Districts are requested to make such special arrangements as will ensure that the annual Departmental Reports for 1898-99, with the statements relating thereto, are transmitted so as to reach this office by the dates prescribed in that behalf, and in no instance later than the 1st December. If the printing of any report is likely to delay its punctual submission, such report should, in the first instance, be sent up in manuscript. Particular care should be taken to ensure the accuracy and consistency of the facts and figures given.

2. The Comptroller's financial statements for 1898-99 will be expected in this office as soon after the Dasara as possible.

3. In the case of the Meteorological and Geological Departments, the Heads of those Departments will kindly furnish brief sections for the *four official years* ending 1898-99 for incorporation in the Quadrennial Administration Report in question.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Heads of Departments.
The Deputy Commissioners of Districts.

READ—

i. *Letter No. 347, dated 4th August 1899, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.*

In submitting the copies of communications received from the Superintending Sanitary Engineer with the Government of Mysore, I have the honor to inform that in anticipation of sanction of Government I have directed Senior Hospital Assistant C. David Pille to report himself to the Superintending Engineer for opening the dispensary at the Malleswaram extension.

	Rate per mensem. Rs.	Per annum. Rs
Contingencies, such as country medicines, &c	... 10	.. 120
Servants—		
1 Compounder ..	... 8	... 96
1 Surgery cooly	... 6	... 72
1 Waterman's allowance	... 2	... 24
Furniture as per sanctioned scale	...	... 192

The pay of the Hospital Assistant and the cost of Europe medicines and appliances will, as usual, be met from the Medical budget, but as regards other charges, that is, the pay of servants, cost of country medicines, &c. (particulars as per margin), I solicit the orders of Government.

It seems to me that as both the D. P. W. and the people living in the neighbourhood of the extension will be benefited by the establishment of this dispensary, the cost specified should be borne by the D. P. W. and the Municipal and the District Funds in equal proportion.

(ENCLOSURE TO ABOVE).

i. *Docket No. 1806-594, dated 1st [3rd] May 1899, from the Superintending Engineer, Sanitary Works, to the Senior Surgeon, Mysore Government.*

Has the honor to inform that some 30 families and a number of imported work people have been living in the Malleswaram extension, which is above two miles from the Civil Hospital.

2. Requests, therefore, that a dispensary may be kindly ordered to be located in the extension for the benefit of the families and workmen.

3. Corrugated iron sheds will be provided for the dispensary. Sub-Assistant Surgeon Mr. Ramasawmi Pille, Assistant Health Officer, has been living in the extension and may give help if ordered. The dispensary will also be available for the villages of Jaksandra and Guthalli.

ii. *Letter No. 3165—1155, dated the 19th [21st] July 1899, from the Superintending Sanitary Engineer with the Government of Mysore, to the Senior Surgeon and Sanitary Commissioner with the Government of Mysore.*

Referring to my No. 1806-594, dated 4th May 1899, requesting the establishment of a dispensary at the Malleswaram extension, and your personal inspection of the locality on the 13th June 1899, when you personally selected a building for it, I have the honor to request the favor of your ordering the dispensary to be established as early as possible, as the people living in the extension have been experiencing very great difficulty for want of medical help near at hand during the present unhealthy weather.

2 If permanent arrangement is likely to be delayed, I would suggest that either Stephen Basappa, an Hospital Assistant, doing duty at the Yesvantpur Railway Station, who daily passes through the extension on his way to the above station, or Sub-Assistant Surgeon Mr. Ramasawmi Pille, who is living in the extension, may be kindly ordered to give medical aid to the inhabitants of the place, as a temporary arrangement.

---

(2) Letter No. 4412, dated 24th August 1899, from the Chief Engineer of Mysore stating, in reply to an enquiry from this office, that he sees no reason why any portion of the charges of the proposed dispensary should be borne by the Public Works Department.

(3) Letter No. 172, dated 19th August 1899, from the President of the Municipal and District Fund Boards, Bangalore district, stating in reply to this office No. 2227—Mis. 701, dated 19th August 1899, that the Malleswaram extension being outside the Bangalore Municipal limits, the City Municipality cannot be required to contribute towards the upkeep of the proposed dispensary, and that the District Funds are not in a condition to bear any portion of the charge

---

No. 3810-13—Mis. 1004, dated Bangalore, 20th September 1899.

Order thereon.—The Government are pleased to sanction the opening of a dispensary at the Malleswaram extension, as recommended by the Senior Surgeon, the entire cost being, as a special case, debited to the Medical budget.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

GENERAL (PLAGUE)

Proceedings of the Government of Mysore,

OFFICE OF THE DEWAN OF MYSORE,

No. Pg. 235. *Dated Bangalore, 2nd September 1899.*

NOTIFICATION.

The following Notification No. 692, dated 22nd August 1899, issued by the Government of Madras, is re-published for general information: —

Ootacamund, dated 22nd August 1899.

No. 692.

In modification of Notification No. 615, published on page 290, Part I A of the *Fort St. George Gazette*, dated the 25th July 1899, the following places in India are declared to be infected with plague:—

In the Madras Presidency—

(1) The Villages of Mukondahalli, Uchanapalli, Kanavahalli, Settipalli and Kothakondapalli in the Hosur Taluk of the Salem District.

Outside the Madras Presidency—

(1) The Districts of Mysore, Kolar, Bangalore and Tumkur, and the Civil and Military Station of Bangalore;
(2) The Districts of Lingsugur, Naldrug, Gulbarga and Bidar in the Hyderabad State;
(3) Bombay Presidency, including Sindh;
(4) The City of Calcutta;
(5) The District of Howrah in Bengal; and
(6) The Districts of Hoshiarpur and Ravulpindi in the Punjab.

By Order,

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication in the *Gazette*.

Memo No. Pg. 236.

Copy forwarded to the Plague Commissioner in Mysore for information.

No. Pg. 248. DATED 6TH SEPTEMBER 1899.

The following Notification published under Order No. 1294 P., dated 26th August 1899, of the Government of Madras, is re-published for general information.

Whereas His Excellency the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Uchchangidurgam in the Harpanahalli taluk of the Bellary district, if pilgrims from the Bombay Presidency, the Mysore Province and other plague-infected parts are permitted to visit that place on the occasion of the ensuing festival of the goddess Uchchangamma: In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council prohibits pilgrimage from the above mentioned places to the said festival from the 6th October 1899 to the 15th October 1899 both days inclusive. All persons proceeding to the festival in contravention of this Notification will be turned back.

By Order,

C. SREENIVASIENGAR,

Secy. to Govt., Gen. & Rev. Depts.

To—The Compiler, *Mysore Gazette*, for publication.

Memo. No. Pg. 249.

To—The Plague Commissioner in Mysore for information.

No. Pg. 264. Dated 11th September 1899

In exercise of the powers vested in them under Section 2, Sub-Section 1, of the Epidemic Diseases Regulation No. II of 1897, the Government of Mysore are pleased to prohibit persons from infected areas from attending the undermentioned Jatras at the places and on the dates specified against each:—

To—The Compiler, *Mysore Gazette*, for publication

Memo No Pg 265

Copy forwarded to the Plague Commissioner in Mysore.

No. Pg. 273 *Dated 13th September 1899.*

It is hereby notified for general information that in consequence of the danger of plague the Madras Government has prohibited, under the Epidemic Diseases Act, the attendance at Srivenkateswaraswami Brahmotsavam festival at Tirumale near Tirupati in the North Arcot District, from the 25th September to 14th October 1899, of persons from the Mysore State.

Memo No. Pg. 274.

Copy forwarded to the Plague Commissioner in Mysore for information.

No. Pg. 275, dated 13th September 1899

The following Notification published under Order No. 1307 dated 1st September 1899, of the Government of Madras, is re-published for general information:—

Whereas His Excellency the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Nagore, near Negapatam, in the Tanjore District, if persons from the plague-infected parts in and outside the Madras Presidency are permitted to visit that village on the occasion of the ensuing Kandivi festival.

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council prohibits the attendance at the said festival, from the 20th September to the 16th October 1899 (both days inclusive), of persons from plague-infected parts. All persons proceeding to the festival in contravention of this Notification will be turned back.

Memo No Pg. 276.

Copy forwarded to the Plague Commissioner in Mysore.

No. Pg. 280, dated 15th September 1899.

The following Notifications issued under Order No. 1315 P., dated 4th September 1899, by the Government of Madras are re-published for general information.

NOTIFICATION I.

Whereas His Excellency the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Hagenkal Cauvery in the Dharmapuri Taluk, of the Salem District, if persons from the plague-infected parts in and outside the Madras Presidency are permitted to assemble at the place on the occasion of the ensuing Thula Ekadasi festival:

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council is pleased to prohibit the attendance at the said festival of persons from the aforesaid places, from the 14th to 21st October 1899 (both days inclusive). All persons proceeding to the festival in contravention of this Notification will be turned back.

NOTIFICATION II.

Whereas there is plague in certain parts of the Hosur Taluk, in the Salem District and it is desirable to prevent its spread, His Excellency the Governor of Fort St. George in Council in exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, prohibits pilgrimage to the ensuing Dasara festival at Chappadi in the Hosur Taluk, from the 11th to the 15th October 1899, both days inclusive. All persons proceeding to the festival in contravention of this Notification will be turned back.

NOTIFICATION III.

Whereas His Excellency the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Kanampalli village in the Krishnagiri Taluk, of the Salem District, if persons from the plague-infected parts in and outside the Madras Presidency are permitted to visit that village on the occasion of the ensuing festivals in Perattasi Saturdays:

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council prohibits the attendance at the said festivals from the 14th September to the 15th October 1899, both days inclusive, of persons from plague-infected parts. All persons proceeding to the festival in contravention of this Notification will be turned back.

By Order,
C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

Memo No. Pg. 281.

To the Plague Commissioner in Mysore.

No. Pg. 282. DATED 16TH SEPTEMBER 1899.

In exercise of the powers vested in them under Section 2, Sub-Section 1. of the Epidemic Diseases Regulation No. II of 1897, the Government of Mysore are pleased to prohibit persons from infected areas from attending the undermentioned Jatras at the places and on the dates specified against each :—

To—The Compiler, *Mysore Gazette*, for publication.

MEMO NO. PG. 283.

Copy forwarded to the Plague Commissioner in Mysore.

No. Pg. 290. *Dated 19th September 1899.*

In exercise of the powers vested in them under Section 2, Sub-Section 1, of the Epidemic Diseases Regulation No. II of 1897, the Government of Mysore are pleased to prohibit persons from infected areas from attending the Urs that is to be held at Mulbagal town in the Mulbagal taluk, Kolar district, from the 15th to the 19th December 1899, both days inclusive.

Memo No. Pg. 291.

Copy forwarded to the Plague Commissioner in Mysore.

No Pg. 292, dated 17th September 1899.

In re-publishing as hereunder, Madras Government Notification No. 711, dated 29th August 1899, the Government of Mysore are pleased to warn intending pilgrims, from the infected parts of the Mysore State, to the Chentalamma Dasimi festival to be held at Gonagundla in the Pattikonda taluk of the Kurnool district, of the risk they run of being turned back by the Madras Government.

NOTIFICATION.

Whereas His Excellency the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Gonagundlu in the Pattikonda taluk of the Kurnool district, if pilgrims from the Gooty taluk of the Anantapur district are permitted to assemble at that place on the occasion of the ensuing Chintalamma Dasimi festival:

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council is pleased to prohibit the attendance at the said festival of persons from the said Gooty taluk of the Anantapur district, from the 23rd to the 26th September 1899, both days inclusive. All persons proceeding to Gonagundla in contravention of this Notification will be turned back.

By Order,
C. SREENIVASIENGAR,

Copy forwarded to the Plague Commissioner in Mysore.

No. Pg. 309. *Dated 22nd September 1899.*

The following Notification No. 742, dated the 12th September 1897, issued by the Government of Madras, is re-published for general information.

Whereas His Excellency the Governor of Fort St. George in Council is satisfied that there is danger of an outbreak of plague at Mayavaram in the Tanjore district if persons from plague-infected parts in and outside the Madras Presidency are permitted to visit that town on the occasion of the ensuing Thalakaveri festival:

In exercise of the powers delegated to him under the Epidemic Diseases Act, 1897, His Excellency the Governor in Council prohibits the attendance at the said festival, from the 10th October to the 15th November 1899, both days inclusive, of persons from plague-infected parts. All persons proceeding to the festival in contravention of this Notification will be turned back.

No. Pg. 311, dated 22nd September 1899.

The following Notification No. 743, dated the 12th September 1899, issued by the Government of Madras, is re-published for general information.

In Modification of Notification No. 692, published on page 310, Part I A of the *Fort St. George Gazette*, dated the 22nd August 1899, the following places in India are declared to be infected with plague :—

In the Madras Presidency—

(1) The villages of Settipalli, Kothakondapalli, Kalukondapalli, Andivadi and Mingarapalli in the Hosur taluk of the Salem district.

Outside the Madras Presidency—

(1) The Districts of Mysore, Kolar, Bangalore, Chitaldrug and Tumkur and the Civil and Military Station of Bangalore.

(2) The districts of Lingsugur, Naldrug, Gulburga and Bidar in the Hyderabad State.

(3) Bombay Presidency, including Sindh.

(4) The City of Calcutta ; and

(5) The district of Howrah in Bengal.

No. Pg. 313, dated 23rd September 1899.

In exercise of the powers vested in them under Section 2, Sub-Section 1, of the Epidemic Diseases Regulation No. II of 1897, the Government of Mysore are pleased to prohibit persons from infected areas from attending the undermentioned Jatras at the place and on the dates specified against each :—

READ—

Letter No. 1711, dated the 14th September 1899, from the Plague Commissioner in Mysore, enquiring whether it is the intention of Government to prohibit persons from "infected tracts" from visiting the Mysore City on the occasion of the ensuing Dasara and Chamundi Car Festivals and, if so, whether such prohibition will be notified in the *Gazette* for the information of the public

---

No. Pg. 315, DATED BANGALORE, 25TH SEPTEMBER 1899.

ORDER THEREON.—Government are of opinion that it is inadvisable to stop the usual Dasara celebration this year, but that all possible precautions should be taken to prevent the spread of the plague in the Mysore City and elsewere in the State. They accordingly direct that Government Officers and Members of the Representative Assembly and their attendants visiting Mysore on duty, be encamped in suitable separate places in the City and that due arrangements be made for their observation, &c., during their stay therein. Other persons from suspected or infected localities should be prohibited from visiting the Mysore City for the Dasara and Chamundi Car Festivals. The following Notification will accordingly be issued and published in three successive issues of the *Mysore Gazette*:—

> "In exercise of the powers vested by Section 2, Sub-Section 1, of the Epidemic Diseases Regulation II of 1897, the Government of Mysore are pleased to direct that no person from any infected area, other than Government Officers and Members of the Representative Assembly and their attendants going to Mysore on duty, shall be permitted to visit the Mysore City, from the 3rd to the 20th of October 1899, both days inclusive."

2. * * * * *

3. The Plague Commissioner will be good enough to arrange for the needful precautions and safeguards and to notify, for the information of all concerned, the places selected for the accommodation of Government Officers and Members of the Representative Assembly, the conveniences provided for them at their places of encampment, and the restrictions under which they should place themselves.

NOTIFICATIONS.

The following Notification issued by the Government of India *re* prohibition of the issue of tickets from "infected areas" to intending pilgrims to Tirumalai near Tirupati, North Arcot District, is re-published for general information :—

Whereas the Governor General in Council is satisfied that there is a danger of an outbreak of dangerous epidemic disease at Tirumalai, near Tirupati in the North Arcot District of the Madras Presidency, if pilgrims or other persons from the Bombay Presidency, Calcutta, the District of Howrah in Bengal and the Hyderabad, Baroda and Mysore States are permitted to assemble at that place on the occasion of the ensuing Sri Venkateswaraswami Bramhotsavam festival :

In exercise of the powers conferred by Section 2, Sub-Section 1, of the Epidemic Diseases Act, (III of 1897), the Governor General in Council is pleased to direct that no tickets to travel by railway to the stations of Peddapadu, Mainanduru, Renigunta, Pudi and Panthur on the Madras Railway, and Panapakam, Chandragiri, Tirupati West, Tirupati East, Yerpedu and Kalahasti on the South Indian Railway shall be sold, from the 25th September to the 14th October 1899 (both days inclusive), within the Bombay Presidency, Calcutta, the District of Howrah in Bengal and the Hyderabad, Baroda and Mysore States to any pilgrim or other person intending or believed to be intending to proceed on pilgrimage to the said festival.

READ THE FOLLOWING—

Letter No. 2048, dated the 27th September 1899, from the Plague Commissioner in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I have the honor to submit herewith a Memo (with statement) giving the particulars of reductions, amounting to Rs. 7,909 per mensem, authorized by me in anticipation of Government sanction with effect from the 1st October 1899, and to request that you will be so good as to obtain the early orders of Government on paras 2, 5, 5(b), 7, 9, 10, 12 and 26 of the Memo and to issue general orders for the plague operations being carried out by the ordinary Revenue and Police establishments, in view to give effect to the reductions already made by me and to enable me to make further reductions in the temporary establishments sanctioned when the plague was in its height in some of the districts of the province.

MEMO.

With a view to consider what reductions were feasible in the Plague establishments which were entertained in the several districts last year when plague made its appearance for the first time in the province, I convened a meeting consisting of the marginally noted Officers and after fully discussing the question with them, I have come to the conclusion that the establishment costing Rs. 7,909 per mensem, as shown in the accompanying statement may safely be dispensed with from 1st October 1899 I have, in anticipation of Government sanction, accordingly issued orders to the several Officers concerned to carry out the reductions, with effect from the said date.

Col P H. Benson, *M B.*, Senior Surgeon and Sanitary Commissioner with the Government of Mysore

Mr K P. Puttanna Chetty, Deputy Commissioner, Bangalore.

„ H. H. Sparkes, Deputy Commissioner, Kolar District, was present on the 24th instant.

„ D. A Chokshi, Chief Plague Officer, Bangalore City.

„ P. F. Bowring, District Plague Officer, Bangalore District.

„ E S. Krishnaswami Iyer, Special Plague Officer, Kolar Gold Fields.

„ L Krishna Row, Assistant Superintendent of Police, Bangalore

2. From 1st October 1899, the Bangalore City will be divided into two Wards, North and South, and will be placed under the charge of Narasingbhan and Nagavkar as Ward Officers.

3. One of the clerks in the Office of the Inspector General of Police on Rs. 50 will be dispensed with.

4. The services of the clerk on Rs. 20 in the Central Medical Stores will be dispensed with.

5. The Police force temporarily employed in the Bangalore City, as shown in the margin; will also be dispensed with at once and the Government requested with reference to para 2 of their Order No. 11-13, dated 13th July 1899, to issue orders for the employment of Regular Police for the works. The Government will also be requested to depute some constables from the Regular Police force for guarding the Upparhalli Health Camp from where the temporary Plague Police will now be withdrawn.

		Rs.	
11 Constables on escort duty	..		99
Jaksandra Health Camp.			
		Rs	
1 Sergeant	..	... 14	
4 Constables	..	... 36	
			50
Sankenhalli Outpost			
		Rs	
1 Dafadar	...	... 16	
3 1st Class Constables		... 24	
3 2nd „ „		... 21	
			61

5b. The Government will be requested to debit to the Police budget and treat as "local allowance," the allowance of Rs. 50 hitherto paid from Plague Funds to the Assistant Superintendent of Police, Bangalore, who, owing to his transfer to Bangalore in the exigencies of the public service when the Epidemic was at its height, lost the 50 rupees allowance that he was drawing in the Kadur district.

6. The Accountant on Rs. 25 in the Bangalore District Treasury will be dispensed with.

7. There is now no longer any necessity for the retention of the Special Police Force employed in the several railway stations in the province for the purpose of escorting arrivals from infected areas and making them over to the nearest police stations. The work may safely be entrusted to the ordinary Regular Police Force, one of the constables from the nearest police station being deputed to attend the railway station when the trains arrive and take charge of the arrivals and make them over to the police station. Pending Government Orders on the subject, Deputy Commissioners of districts will be requested to dispense with the services of the constables deputed for the work at the different railway stations.

8. The designation of the so-called constables now employed under the Plague Inspectors in the several taluks of the Bangalore district will be changed into Plague peons.

9. As the inspection of passengers is being carried out both in the Bangalore and Mysore City Railway Stations, and as Kengeri was constituted an inspection station mainly for the protection of Mysore before the Mysore City was infected, there is now no necessity for retaining the same as an inspection station. The establishment attached to the said inspection station will therefore be done away with, 1st Class Hospital Assistant Siddappa, now Inspecting Medical Officer, Kengeri, being transferred to the Kolar Gold Fields where the services of Mr. Krishnaswami Iyer are no longer required.

10. Mr. Sewell, Assistant Plague Officer, Kolar Gold Fields, will be appointed as Plague Officer, Bowringpet taluk, on the pay and allowances he now draws.

11. The Deputy Commissioner, Tumkur district, will be requested to reduce the temporary Police and Plague establishments to the scale adopted in the Bangalore district, and submit proposals for sanction with a report as to the nature of the work done by the darogas.

12. Having regard to the fact that compulsory segregation is not resorted to in the Mysore City, it does not seem necessary to retain any longer as Ward Officers the services of the Civil Officers now employed in Mysore. The Medical Officers now attached to the Wards will be entrusted with all the duties pertaining to the office of the Ward Officer, and they will in future be styled and gazetted as Ward Officers to do all the duties connected with the Wards.

13. Compared with the establishments maintained in the Bangalore City, the establishments entertained in the Mysore City are excessive and they will therefore be reduced on the scale of the Bangalore City. The office establishment of the Chief Plague Officer, Mysore, will be reduced by one *gumasta*, one *daftarband* and a *mashalchi*; and the services of the clerk on Rs. 15 in the office of the Health Officer will also be dispensed with.

14. The store clerk attached to the disinfection stores ought to be able to do the duties of the store-keeper also and the allowance of Rs. 15 hitherto paid to the store-keeper will at once be stopped.

15. The Deputy Commissioner, Mysore district and President, City Municipality, will be requested to reduce at once the temporary Police establishments in the city and the district, and retain only so much of the establishment as is actually required for the efficient working of the Plague Regulations and submit two separate statements for the city and the district respectively, showing the sanctioned establishments, the establishment entertained, the establishment actually required and that which can at once be dispensed with, bearing in mind that all the Police establishments in the uninfected districts have been done away with, that there is no necessity for retaining the services of temporary police constables at the several railway stations and that the additional work pertaining to plague prevention should be done by the Regular Police.

16. The President, City Municipality, Mysore, will also be requested to at once dispense with the services of the 80 Supervisors now employed in the Mysore City and to entertain additional Registrars of Births and Deaths for the several mohallas, their pay being debited to the Municipality. The Deputy Commissioner and President, City Municipality, Mysore, will be requested to arrange accordingly. The Inspector and the twenty Registrars now paid from Plague Funds, will, however, be retained as a temporary measure pending the employment of Registrars as above stated.

17. As the pay of the driver employed in connection with disinfection in the Mysore City is so high as Rs. 65 a month, the President, City Municipality, Mysore, will be requested to report whether he cannot reduce the pay of the said appointment to Rs. 30 as in Bangalore.

1 Sub-Assistant Surgeon, Superintendent, Plague Camp, Mysore, at Rs. 100 + 100 = Rs. 200.
1 First Class Hospital Assistant on Special statistical duty Rs. 60 + 50 = Rs. 110.
1 Plague Nurse Rs 100.

18. The services of the Medical staff attached to the Mysore City, as noted in the margin, are no longer required, and they will accordingly be transferred to the Medical Department.

19. The Chief Plague Officer, Mysore, will be requested to report why the services of the two corpse bearers on Rs. 15 each should not at once be dispensed with.

20. The pay of the Sanitary Inspector attached to Nanjangud cannot hereafter be debited to Plague Funds. If the services of a Sanitary Inspector are really needed for Nanjangud, the Deputy Commissioner will obtain Government sanction for his retention and for his pay being debited to Municipal Funds.

21. The attention of the Deputy Commissioner, Mysore district, will be invited to the large Hospital establishment, costing Rs. 119 maintained in his district, while no such establishment is kept up in the Bangalore district, and he will be requested to reduce the establishment and report the result to this office.

22. The Deputy Commissioner, Shimoga district, will be requested to retain only so much of the Police force as is actually required for frontier outposts, and to report what reductions are feasible in the present Police establishment. A statement should be submitted showing how much of the present establishment he proposes to retain withfull reasons for each case.

23. The Deputy Commissioner, Kadur, will be requested to report as to the necessity or otherwise of retaining the temporary establishment attached to the Hospital Assistants at Kadur, Birur, and Ajjampur.

24. The Deputy Commissioner of the Chitaldrug district will be requested to dispense at once with so much of the temporary Plague Police as is not on frontier outpost duty and arrange to get the work done by the Regular Police which has been recently strengthened. It is a question, if, with the considerable additions made to the District Police, even the frontier outpost duty cannot be efficiently done by the Regular Police assisted, where necessary, by toties and talaries on small pay

25. It is necessary that the small allowances granted to certain Medical Officers who have to attend the railway stations at train-time, to inspect arrivals from infected areas, should be continued, but they should be made to serve Observation Notices which work is now being done by the Police.

26. The Deputy Commissioners of Districts and Presidents of Municipalities of Bangalore and Mysore will also be requested to incur no further expenditure in connection with plague preventive measures without previous sanction, for which purpose they should submit within the 25th of each month statements showing the details of the probable monthly expenditure to be incurred by them in the following month. When these statements are received they will be checked in my office and sanction accorded to such of the items as are permissible, and a copy sent to the Comptroller with a request that he will see that no expenditure that is not previously sanctioned by me is admitted by the Treasury Officers. In this connection I would request the Government will be pleased to cancel their Order No. 3082-94—Fl. 313, dated 26th October 1898, authorizing certain Officers to sanction estimates within certain limits.

27 The Deputy Commissioners will also be requested to submit for transmission to Government, complete statements showing the establishments retained, with effect from 1st October 1899.

H. RAMAYYA,
for *Plague Commissioner in Mysore.*

No. Pg. 337-50, dated Bangalore, 30th September 1899.

Order thereon.—The proposed reduction in the Plague establishments amounting to Rs. 7,909 per mensem, is approved, with effect from 1st October 1899.

2. The Bangalore City will, as proposed, be divided into two Wards instead of four and placed under the charge of Narsingbhan and Nagavkar as Ward Officers. The case of Krishnajee Naram, now Ward Officer, No. III Ward, is under the consideration of Government, whose orders will be awaited.

3. The Police* force temporarily employed in the Bangalore City (*vide* para 5 of the Memo), costing Rs. 210 per mensem, will, as proposed by the Plague Commissioner, be dispensed with and the Inspector General of Police requested to depute from the Regular Police such force as may be required for the duties in question as also for the Upparahalli Camp The Special Police Force now employed in the several railway stations in the province for the purpose of escorting arrivals from infected areas and making them over to the nearest police stations will also be dispensed with, their work being entrusted to the ordinary Regular Police Force. The Inspector General of Police will be requested to arrange accordingly.

3 First Class Constables	... 24	
3 Second Class Constables	.. 21	
Total	... —	61
Grand Total		... 210

4. The Plague Commissioner's recommendation that a local allowance be granted from the Police budget to Mr. L. Krishna Row, Assistant Superintendent of Police, Bangalore district, in lieu of his present plague allowance, will be separately considered.

5. As the inspection of passengers is being carried out both in the Bangalore and Mysore City Railway Stations, and as Kengeri was constituted an inspection station mainly for the protection of Mysore before the Mysore City was infected, there is now no necessity for retaining the same as an inspection station. The establishment attached to the same will be dispensed with.

6. The appointment, on his present pay and allowances, of Mr. Sewell, Assistant Plague Officer, as Plague Officer of the Bowringpet taluk, is sanctioned and will be separately notified.

7. Having regard to the fact that compulsory segregation is not resorted to in the Mysore City, it is considered unnecessary to retain any longer as Ward Officers the services of the Civil Officers now employed in Mysore. The Ward Medical Officers will therefore, as proposed, be appointed as Ward Officers to be in charge of both the Civil and Medical work pertaining to the office, and a Notification appointing them as such will be separately issued.

8. As regards the appointment of additional Registrars of Births and Deaths referred to in para 16 of the Plague Commissioner's Memo, the President of the Mysore City Municipality will be requested to report whether the 20 Registrars now paid from the Plague Funds are not enough to report cases of sickness or deaths in the City to the respective Wards and, if not, what number of additional Registrars are required and how their pay can be met.

9. As the services of the Medical staff, noted on the margin, are said to be no longer required for plague work, the Senior Surgeon and Sanitary Commissioner with the Government of Mysore will be requested to report why the services of these Officers or those who have been temporarily employed in their places should not at once be dispensed with.

	Rs
1 Sub-Assistant Surgeon doing duty as Superintendent, Plague Camp, Mysore ...	...100+100
1 First Class Hospital Assistant on special statistical duty	... 60+50
1 Plague Nurse	...100

10. The order issued by the Plague Commissioner in para 26 of the Memo, directing that no further expenditure should be incurred without his previous sanction, is approved, and so much of the Government Order No. 3082-94—Fl. 313, dated the 26th October 1898, as authorizes certain Officers other than the Plague Commissioner to sanction estimates within certain limits is cancelled.

EDUCATION

Proceedings of the Government of Mysore.

READ—

Correspondence ending with letter No. 157, dated 15th August 1899, from the President of the Municipalities, Mysore district.

No. 3624-26—Ed. 130, dated Bangalore, 14th September 1899.

Order thereon.—In his letter No. 7375—241, dated 11th March 1899, the Inspector General of Education explained the circumstances under which the pay of the Pandit in charge of the Sanskrit class, attached to the Anglo-Vernacular School at Seringapatam, had fallen into arrears since the 1st June 1898, and requested sanction to the disbursement of the same from the Municipal Funds or out of the State Fund Budget of the Education Department. The question having been in due course referred to the President of the Municipalities, Mysore district, he reports in his letter No. 157, dated 15th August 1899, that the expenditure of the Seringapatam Municipality has already exceeded its annual income and that the Board has accordingly expressed its inability to bear any further charge on account of education, in addition to the Rs. 300 which is now being contributed by it towards the maintenance of the Anglo-Vernacular School. The President accordingly solicits orders to meet the pay of the Sanskrit Pandit from the Budget of the Education Department.

2. Under the circumstances represented, the Government are pleased to direct that, as a special case, the pay of the Sanskrit Pandit be defrayed in arrears from the 1st June 1898 at Rs. 15 per mensem, from general savings out of the State Fund Budget of the Education Department for the current year. The necessary provision will be made in future budgets.

Correspondence ending with the following letter No. 2336—85, dated 2nd September 1899, from the Inspector General of Education in Mysore.

1 In continuation of my letter No. 7333—238, dated 10th March 1899, and with reference to your docket No. 1172—Ed. 38, dated 21st July 1899, I have the honor to inform you that the Plague Commissioner has very kindly placed the rooms occupied by the Chief Plague Officer in the District Office buildings at Bangalore, at my disposal, and he expects the rooms will be ready for occupation by my office before the 1st October 1899. I enclose a copy of a D O. letter, dated 1st September 1899, from Mr. H. Ramaiya of the Plague Commissioner's office. I inspected the rooms on the 30th August and from measurements I find that they will just suffice to hold my office establishment with the records and the office library. I now request that Government may be pleased to order the removal of my office to Bangalore in the month of October next immediately after the Dasara holidays.

2. As the rooms of the Chief Plague Officer will not hold the Education Library, which is at present in my office, I request permission to leave it in its present room in the Public Offices at Mysore in charge of the Kannada Translator of the Education Department, until room for it can be found in Bangalore in or near my office. The Library consists of eight almirahs full of Educational books and apparatus and a large table at which meetings of the Text Book Committee have been held. The Library is for the use of Teachers, Inspecting Officers, the Text Book Committee and the Local Examination Board. The nature of the contents of the Library can be judged from a copy of the catalogue I send by book post.

3. In anticipation of Government orders I have engaged a house for my residence in Bangalore, from the 1st October next.

4. I request that Government may be good enough to sanction payment of "the actual expenses of removing with their families and household property" to Bangalore to the Inspector General, the Assistant to the Inspector General and all officials and peons of the Inspector General's office, as was done by Order C. No. 350, dated 12th May 1894, and also to sanction the actual expenses of removing the office.

(2) Letter No. 2333—84, dated 2nd September 1899, from the same Officer soliciting orders exempting him from house-rent under para 9 of Government Proceedings No. 10223 —5—Ed. 230, dated 5th March 1899

No. 3726-28—Ed. 133, dated Bangalore, 16th September 1899.

Order thereon.—The Government are pleased to approve of the Inspector General's proposal to remove his office to Bangalore, leaving the Educational Library undisturbed for the present in charge of the Kannada Translator, and to sanction the payment of actual expenses incidental to such removal, as recommended in para 4 of the Inspector General's letter No. 2336—85, dated 2nd September 1899 read above.

2. Mr. Bhabha will, as a special case, be exempted from payment of house-rent for the Government building occupied by him at Mysore, with effect from the date of the Government Proceedings referred to by him, and after his removal to Bangalore, as above directed, he will be given a house-rent of Rs. 100 per mensem in lieu of free quarters.

Secy. to Govt., Gen. & Rev. Depts.

To—The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore.
The Chief Engineer, Bangalore

Read—

Letter No 57, dated 29th July 1899, from the Principal, Central College, Bangalore.

I have the honor to report that Mr K A Krishnasami Iyer, B A., High School Assistant of this College, was granted leave from 5th to 19th July 1899, both days inclusive, on account of his daughter's marriage, which was celebrated at Kaveripatnam, and that Mr. V. Vaidyanatha Iyer, B A., was appointed to act during the absence of Mr. K. A. Krishnasami Iyer.

As Mr. Krishnasami Iyer had already been granted privilege leave on half pay from the 2nd November 1898 to 24th January 1899, both days inclusive, he is not, in consequence, entitled to any privilege leave now

I have the honor to recommend therefore that the leave granted to Mr. Krishnasami Iyer from 5th to 19th instant may be treated as privilege leave on half pay, in accordance with Article 173 of the Mysore Service Regulations, and that this period may be deducted rom the privilege leave on half pay that he may hereafter earn.

2. Letter No 1177—363, dated 28th August 1899, from the Comptroller to the Government of Mysore, Bangalore.

With reference to your Memo No 1915—Ed 67, dated 10th instant, forwarding for opinion, letter No. 57, dated 29th July 1899, from the Principal, Central College, Bangalore, recommending that the 15 days' leave granted to Mr. Krishnasami Iyer might be treated as privilege leave on half pay in accordance with Article 173 of the Mysore Service Regulations and deducted from the privilege leave on half pay he might hereafter earn, I have the honor to state that privilege leave is not admissible to officers enjoying regular vacations as in the case of officers of other Departments, but when urgent necessity arises, privilege leave may be granted to those officers, under the ordinary rules, on certain conditions. The rule is only permissive, and does not admit of any claim for leave as a right. Under such circumstance the 15 days' leave granted to Mr. Krishnasami Iyer cannot be deducted from a privilege leave, not *earned* and not likely to be *earned*, but likely to be permitted on special considerations and contingencies.

Further, Article 173 of the Mysore Service Regulations is not applicable to Educational and such other officers, for whom a separate provision is made in Article 174 about the grant of ordinary casual leave.

The enclosure is herewith returned.

No. 3816-18—Ed. 140, dated Bangalore, 20th September 1899.

Order thereon.—The Government accept the view expressed by the Comptroller, and the leave reported to have been granted to Mr. Krishnasami Iyer will accordingly be treated as leave without allowances, as it exceeds the period of casual leave permissible under Article 174 of the Mysore Service Regulations.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Principal, Central College, Bangalore.
The Inspector General of Education in Mysore.
The Comptroller to the Government of Mysore, Bangalore.

READ —

Letter No 130-1—5, dated 6th July 1899, from the Inspector General of Education in Mysore, stating that the rented building used for the Students' Home at Shimoga was crowded at the time of his inspection, but that the landlord refused to extend or improve the same, and recommending, therefore, that the building may be purchased for about Rs 2,000 and extended and improved at a further cost of some Rs. 1,000, the necessary funds being provided by the Public Works Department.

No. 4294-96—ED. F. 42-96, DATED BANGALORE, 28TH SEPTEMBER 1899.

ORDER THEREON—Copy of the Chief Engineer's letter No. 4674, dated 7th September 1899, stating, in reply to a reference from this office, that it will not be possible to provide the money required for the above purpose out of the Public Works budget, will be communicated to the Inspector General of Education, who will be requested to report whether he is able to allot the necessary funds out of the provision made for buildings in the Education budget of the current year. He will at the same time furnish replies to the following queries :—

I. For what number of boarders is there accommodation in the present building in question ?

II. What is the estimated value of the building in the opinion of the Executive Engineer of the Division ?

III. What would be the approximate cost of improvements, if the building is purchased ? And for how many more boarders would there be accommodation after such improvements are effected ?

2. In the meantime the present rental arrangement must continue, and during such tenancy, the owner of the building will be bound to keep it in satisfactory order, provided that this was one of the conditions entered into when the building was taken over on lease. An agreement to this effect should always be taken in every case in which a building is rented by the Educational Department.

JUDICIAL

Proceedings of the Government of Mysore,

READ—

Letter No. 47, dated the 13th July 1899, from the Inspector General of Registration in Mysore, to the Secretary to the Government of Mysore, General and Revenue Departments.

I beg to forward herewith a statement showing the number of Sub-Registry offices which are yet in charge of the Taluk Revenue officials under the Commission System. From the statement it will be observed that there are now 27 such offices, 16 under Taluk Sheristadars, and 11 under Deputy Amildars. But these officers do not, owing to multiplicity of their functions, perform the registration work with as much promptness as is necessary to meet the convenience of the public. I would, therefore, strongly advocate the conversion of all these 26 *ex-officio* offices into special or salaried ones as early as practicable. But as from the enclosed statement it will be seen that the receipts of some of these offices are too low to justify the immediate establishment of special offices there, I would, for the present, recommend the opening of such special offices only in the marginally noted nine stations, the receipts of which amount to more than Rs. 500 a year.

1. Yelandur.
2. Mulbagal
3. Malur
4. Sorab
5. Nagar
6. Honnali
7. Closepet.
8. Harihar
9. Chikkanayakanhalli

2. All these new special offices, except that at Yelandur, will be of the 3rd grade with an annual cost of Rs. 666 as detailed below for each office :—

	Rs	a.	p.	
1 Sub-Registrar	35	0	0	
1 Clerk	15	0	0	
1 Peon	5	0	0	
Contingencies	0	8	0	
Total	55	8	0	a month.
or	666	0	0	a year.

The income of the Yelandur office is Rs. 1,085 a year, and this is more than sufficient to maintain a 2nd grade office. I accordingly recommend that the Sub-Registry office to be opened there may be of the 2nd grade, costing Rs 1,032 a year, as noted in the margin.

	Rs.	
Sub-Registrar	50	
1 Clerk	15	
1 Clerk	10	
1 Peon	5	
1 Sweeper	5	
Contingencies	1	
Total	86	a month
or	1,032	a year.

3. Though the income derived at present from each of the 8 *ex-officio* offices now proposed to be converted into special 3rd grade offices is a little short of Rs. 666, the amount annually required to maintain a special office, yet, with the opening of a special office and the better facilities consequently afforded to the registering public, there will always be an increase in the receipts by about 20 or 25 per cent at least. I therefore request that the Government may be pleased to sanction the opening of special offices as proposed above in all these nine stations at least tentatively for a year.

(2) Letter No. 92, dated 3rd August 1899, from the same Officer, submitting as called for in docket No. 966—J. 89, dated the 18th July 1899, a statement showing the number of registrations and the amount of receipts of the *ex-officio* Sub-Registry offices, including those in the places above referred to during the past five years.

No. 3142-43—J. 275, DATED BANGALORE, 2ND SEPTEMBER 1899.

ORDER THEREON.—Of the Special Sub-Registry offices recommended by the Inspector General, the Government are pleased to direct that one of the 3rd class be opened at each of the following places :—

1. Mulbagal,
2. Malur, and
3. Closepet.

2. The Government do not consider the number of registrations (less than 300) sufficiently large in the other stations recommended, except Yelandur, to justify Special Sub-Registry officers being sanctioned therefor, and as regards Yelandur the wishes of the Jahgirdar should be ascertained and reported for the orders of Government.

READ—

Letter No. 167—J, dated the 23rd August 1899, from the Inspector General of Prisons in Mysore.

In forwarding the enclosed copy of letter No. 202, dated 18th instant, from the Superintendent, Central Jail, Bangalore, I have the honor to recommend that the additional buildings asked for may be sanctioned. If this want is provided, the requirement of the Jail Press in regard to accommodation for storing articles of printing and keeping printing machines and presses, will be complete

If the Government are pleased to sanction the construction of the buildings, the work will be carried out by Jail labor.

The estimate of the two blocks will probably amount to Rs 2,000

ENCLOSURE.

Letter No. 202, dated the 18th August 1899, from the Superintendent, Central Jail, Bangalore, to the Inspector General of Prisons in Mysore, Bangalore.

I have the honor to report that the present Press buildings are insufficient for our requirements and to request therefore that you will be so good as to move Government for very early sanction to erect two additional blocks, one for the storage of printing paper and forms, and the other for keeping the printing machines and presses at a probable cost of Rs. 2,000 to be met from general savings in the Jail budget for current year.

The present building will be utilized for the Press office compositors and binders.

No. 3365-66—J. 293, DATED BANGALORE, 7TH SEPTEMBER 1899.

ORDER THEREON.—The Government are satisfied that the present accommodation is insufficient for the requirements of the Jail Press where a large quantity of printing work, especially of forms is being executed, and that the construction of two additional blocks with the help of the Prison labor, as proposed by the Inspector General of Prisons, is very necessary. The work, which is estimated to cost about Rs. 2,000, is accordingly sanctioned on the distinct understanding that the charge will be met out of savings to be pointed out by the Jail Superintendent under any of the heads already provided in the budget. If such savings, however, do not admit of both the blocks being undertaken at once, one may be constructed for the present and partitioned off so as to allow of stationery forms, &c., being stored separately from the printing machines and presses.

Letter No. 93, dated 3rd August 1899, from the Inspector General of Registration in Mysore, recommending the re-opening of the Bangalore City Sub-Registry office, which was temporarily closed on account of plague, under the orders contained in Government Proceedings No. 7269—J. 788, dated 13th December 1898, and requesting sanction to the transfer of A. J. Singaravelu Mudaliar, from the Bangalore Taluk Sub-Registry office, to the Bangalore City Sub-Registry office, and to the appointment of K. K. Venkatasami Iyer, Deputy Clerk of the Inspector General's office as 1st Grade Sub-Registrar, Bangalore taluk, *vice* Singaravelu Mudaliar.

2. Letter No. 132, dated 25th August 1899, from the same Officer, submitting, as called for in Government Docket No. 2295—J. 232, dated 22nd August 1899, a statement showing the receipts of the Bangalore Sub-Registry office for one year previous to November 1898, and stating that Venkatasami Iyer, Deputy Clerk of his office, is senior to all the Sub-Registrars on Rs. 50, except one Nanjundaiya of Chikmagalur, and that he gave preference to the former on account of his educational and other qualifications.

No. 4040-41—J 340, DATED BANGALORE, 23RD SEPTEMBER 1899.

ORDER THEREON.—As recommended by the Inspector General, the Bangalore City Sub-Registry office, which was temporarily closed, will be re-opened, with effect from 1st October 1899.

The transfer proposed in the first of the letters read above is approved, and K. Venkatasami Iyer is appointed as 2nd Class Sub-Registrar and posted to the charge of the Bangalore Taluk Sub-Registry office, on probation for six months.

Letter No. 2, dated 4th July 1899, from the Inspector General of Registration in Mysore.

READ—

2. *Letter No. 33—E, dated 9th August 1899, from the Secretary to the Board of Examiners, Mysore Local Service and Pleaders' Examinations*

With reference to para 4 of the Proceedings of Government No. 1742-43—J. 154, dated the 5th instant, calling for an expression of opinion as to the proposal made by the Inspector General of Registration, to add to the subjects already prescribed for the Registration Examination, Kanarese hand-writing, and that the examination be conducted in English and Kanarese, I am directed to state that, if a knowledge of English is not essential for clerks in the Registration Department, there is no reason why they should not be allowed to pass the examination in Kanarese.

The addition of hand-writing seems unnecessary; it is not incumbent on the Registration Department to employ any candidate that has passed the test, and it may be made a departmental rule that none but those who can write a good hand in Kanarese shall be employed.

---

3 *Letter No 157, dated 4th September 1899, from the Inspector General of Registration in Mysore.*

With reference to para 3 of Government Proceedings No. 1742-43—J 154, dated 5th August 1899, *re* the proposed modification of Rule 9 of the Rules relating to the Mysore Local Service Examinations, I have the honor to state that much difficulty is at present experienced in securing passed candidates for clerical posts in Sub-Registry offices, owing to the paucity of men who have passed the Registration Test, which again is due to the restrictions contained in the present rules, limiting the admission to the examination of only such persons as possess certain qualifications prescribed in the rules. The pay of clerks in 2nd and 3rd grade Sub-Registry offices is only Rs. 15, and it is only in 1st grade offices, which are few in number, that there is a clerk on Rs. 20 I would only invite the notice of the Government to the lists of persons who have passed the Registration Examination during the last four years. From these lists, which are published in the *Mysore Gazette*, it will be seen that, with rare exceptions, all those who have passed the Registration Test are already in receipt of Rs. 20 and upwards and it is not to be expected that any of them will take up a clerical post in a Sub-Registry office on Rs. 15. Hence the urgent necessity that exists for the modification of Rule 9 of the Examination Rules as proposed by me in my letter No. 2, dated 4th July 1899, so as to throw open the Registration Examination to all who may like to appear for the same, irrespective of length of service or University qualifications.

No. 4219-20—J. 376, DATED BANGALORE, 26TH SEPTEMBER 1899.

ORDER THEREON.—In the first of the letters read above, the Inspector General has expressed himself in favor of having in his Department as gumastas or clerks in Special Registry offices, even though the pay of most of the appointments of this class is Rs. 15 and less, men who have passed in the Registration Test and who are able to read and write a good, legible hand in Kanarese. The Government observe that by Notification No. 3, dated 12th April 1888, no special qualifications are insisted upon in the case of appointments the salary of which does not exceed Rs. 15 per mensem, and that the rule is much the same also in Madras. As, however, the Inspector General does not consider that any such exception is necessary so far as his Department is concerned, the President of the Local Board of Examiners will be requested to kindly arrange to allow persons not in the service of Government to appear for the Registration Examination alone in Kanarese, provided that such persons have passed either the Mysore Lower Secondary Examination or the Matriculation Examination of any of the Indian Universities, taking Kanarese as their optional language. The following will accordingly be added as clause (*d*) to para 9 of the Examination Rules published under Notification No. 18948—G. F. 349-92, dated the 15th May 1893 :—

"(*d*) Persons not in the service of Government who have passed the Mysore Lower Secondary Examination or the Matriculation Examination of any of the Indian Universities, taking Kanarese as their optional language, will be allowed to appear for the Registration Examination alone."

And para 4 of the said Rules will be amended as shown under :—

"4. The Examination shall ordinarily be conducted in English. It will, however, be conducted in Kanarese in the case of officers of not less than ten years' standing in the Mysore Service, who are unacquainted with the English language, and also of persons not in the service of Government who are, under clause (*d*) of para 9 of these Rules, allowed to appear for the Registration Examination alone."

C SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

LEGISLATIVE

Proceedings of the Government of Mysore,

READ AGAIN—

Government Proceedings No. 7558—Legis. 51, dated the 20th December 1898, directing the publication in the *Mysore Gazette* of a revised Draft of Rules for the special sanitation of the Kolar Gold Fields, proposed to be issued under Sections 24 and 25 of the Mysore Mines Regulation, 1897, and requesting certain Officers to favor Government with their suggestions.

Read also the following communications:—

No. 2817-743, dated the 2nd February 189, from the Deputy Commissioner, Kolar, district.

No. 173 M., dated the 23rd February 1899, from the Chief Inspector of Mines in Mysore.

No. 2416, dated the 28th February 1899, from the Senior Surgeon and Sanitary Commissioner with the Mysore Government

No. 205 L. F, dated the 31st March 1899, from the Deputy Commissioner, Kolar district.

No. 3202-5—LEGIS. 19, DATED BANGALORE, 4TH SEPTEMBER 1899.

ORDER THEREON.—The Draft Rules for the special sanitation of the Kolar Gold Fields, revised as appended to this order, are finally approved by Government.

2. The Deputy Commissioner, Kolar, will take immediate steps to bring the Rules into operation within the local area defined in the schedule thereto, and report, for the approval of Government in the Local Fund and Municipal Department, the names of the persons who may be nominated by the Mining Board to be non-official members of the new Sanitary Board.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The Comptroller, Mysore Government.
The Deputy Commissioner and President of the Local Fund Boards in the Kolar District.
The Chief Inspector of Mines in Mysore
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.

In exercise of the powers conferred by Sections 24 and 25 of the Mysore Mines Regulation III of 1897, the Government of Mysore are pleased to prescribe the following Rules for the special sanitation of the local area defined in the schedule appended to this Notification.

SECTION I—CONSTITUTION OF SANITARY BOARD.

1. For the proper and efficient administration of these Rules in the said local area, there shall be formed a special Local Board distinct from, and independent of, the Local Fund Board of the Kolar district, and styled "The Kolar Gold Fields Sanitary Board," which shall consist of three *ex-officio* and four non-official members, as specified below:—

Ex-officio Members:—

(1) The Special Magistrate or Chief Executive Officer of the Kolar Gold Fields.
(2) The Principal Government Medical Officer of the Kolar Gold Fields.
(3) The Government Inspector of Mines.

Non-official Members:—Four residents of the said local area, one of whom shall be the chief medical officer of the Mining Board, nominated by the Mining Board and approved by Government.

2. The Special Magistrate or Chief Executive Officer of the Kolar Gold Fields shall be the President of the Sanitary Board.

3. The Sanitary Board may, with the approval of Government, and from the funds from time to time placed at its disposal, appoint a Sanitary Inspector and such establishments of Sanitary Overseers, sweepers, scavengers, watchers and other servants as may be necessary for the proper sanitation of the local area.

4. The Sanitary Board may, with the approval of Government, frame such bye-laws as it considers necessary for the conduct of its business and for the guidance of its members and servants.

5. The expression "Sanitary Officer" used in these Rules in connection with any matter means an officer in the service of the Sanitary Board not below the grade of a Sanitary Inspector or Overseer, who has been duly empowered by the Sanitary Board, either generally or in respect of that matter.

6. All proceedings of a Sanitary Officer under these Rules shall be liable to revision by the Sanitary Board.

SECTION II—DISPOSAL OF REFUSE.

All kitchen and stable refuse, animal refuse, night-soil, and other impure matter shall be deposited in pits at spots selected by a Sanitary Officer, or in other receptacles assigned for the purpose. All such refuse, night-soil and other impure matter may be sold as manure or otherwise disposed of as may be directed by a Sanitary Officer, and the proceeds shall be credited to the Sanitary Board.

SECTION III—WATER-SUPPLY.

1. Every well used for drinking purposes shall be a draw well, with a parapet wall not less than three feet in height, and uprights of stone, iron or wood shall be fixed with a pulley attachment for drawing water.

2. All wells, and other sources of drinking-water supply, may be disinfected with permanganate of potash, or other suitable disinfectant whenever necessary, under the direction of a Sanitary Officer.

3. The Sanitary Board may prohibit the use of any well, or order any well to be closed or filled up, which it considers insanitary and incapable of being made sanitary.

4. No person shall bathe or wash clothes or cattle in any tank or well not specially set apart for the purpose; and no tank or well so set apart shall be used for bathing by a person suffering from any contagious or infectious disease, or for washing the clothes of any such person, or for washing any animal suffering from such disease.

SECTION IV—PREVENTION OF OVER-CROWDING.

1. The Sanitary Board may, subject to the approval of the Government, make bye-laws to regulate the construction and restoration of buildings of every description, the materials of which they shall be made, their ventilation and drainage, the number of persons that may occupy them, and other similar matters.

2. No building of any description shall be erected without the permission, in writing, of a Sanitary Officer, who may, after inspection of the site, grant or refuse such permission. In the event of the said permission being refused, the reasons for such refusal shall be stated by the Sanitary Officer, in writing, and an appeal shall lie from such refusal to the Sanitary Board, whose decision shall be final.

3. Permission of the Sanitary Officer shall be presumed to have been granted if within one month from receipt of notice the Sanitary Officer does not

signify his approval or disapproval of the proposal of the applicant: provided that such construction or restoration be otherwise in accordance with the provisions of these Rules.

4. Every application for permission to build shall be in writing and presented to a Sanitary Officer, and shall contain the following particulars:—

(*a*) Name of locality:
(*b*) Size of building:
(*c*) Description of building and number of rooms with their dimensions:
(*d*) Number of doors and windows with measurements:
(*e*) Purpose for which the building is to be erected, and, where it is to be used as a dwelling, the number of persons who are to occupy it:
(*f*) Arrangements for drainage;
(*g*) Location of the latrine:
(*h*) The level at which the foundation and lowest floor of such buildings are proposed to be laid.

Provided that no such application or permission as aforesaid shall be required in the case of a building erected by or under the authority of a Superintendent of a Mine and intended to be used for mining purposes only and not as a dwelling.

5. With the previous sanction in writing of the Sanitary Board, or in urgent cases of the President of the Sanitary Board, a Sanitary Officer may cause any building erected in contravention of the provisions of this Section to be pulled down or altered, after giving 24 hours' notice in writing to the occupant or owner thereof, and may recover the cost of doing so by distraint and sale of the movables of such occupant or owner.

6. The owner of every uninhabited building or portion of a building, which is in a dilapidated and dangerous condition, shall be bound, when required, in writing, by the Sanitary Board, to dismantle the same and to have the walls levelled to the ground.

Section V—Drains and Latrines.

1. The owner of every bazaar or dwelling shall provide a suitable drain as may be approved by the Sanitary Board, in front and in rear of such bazaar or dwelling, unless a Sanitary Officer decides that such drain is unnecessary; and shall, if specially ordered by a Sanitary Officer, provide a similar drain within the premises of such bazaar or dwelling, and shall keep the said drain or drains clean. On failure to comply with this rule, a Sanitary Officer may give the owner or occupant of such bazaar or dwelling 48 hours' notice in writing to provide or to clean such drain or drains, and may, if such notice is not complied with, construct or clean such drain or drains, and recover the cost of doing so from the owner or occupier, by distraint and sale of his movables.

2. No person shall construct or maintain a privy pit or latrine within the walls of any building without permission in writing from a Sanitary Officer, or otherwise than in conformity with his directions.

Provided that dwellings belonging to classes among whom females do not appear in public may be provided with a latrine or privy pit of such description and in such place within the premises as may be approved by a Sanitary Officer, and the same shall be open to periodical inspection by any Sanitary Officer and shall be kept clean.

3. Public latrines shall be provided at such places, in such numbers and of such description as may be prescribed by the Sanitary Board.

4. No person shall ease himself near or outside a latrine, or in or about any road, public pathway, well or building, or on the banks or beds of any springs, streams or tanks, or in any place where such act has been specially forbidden by the Sanitary Board.

5. Every person employing workmen, labourers or other persons, exceeding ten in number, on any work, shall be bound, unless the same is consider-

ed unnecessary by a Sanitary Officer, to erect and to keep clean and in repair, a suitable double latrine for the use of the persons so employed. On the failure of any person to comply with this rule, a Sanitary Officer may, after 24 hours' notice in writing to such person, cause a double latrine as aforesaid to be constructed, cleaned, or repaired as the case may be, and levy the cost thereof from such person by distraint and sale of his movables, or may stop the further progress of the work on which the men are employed until the provisions of this rule have been complied with.

SECTION VI—KEEPING AND SLAUGHTER OF LIVE-STOCK, ETC.

1. Unless with the permission of the Sanitary Board, no cattle, sheep, goats or pigs shall be kept within 30 feet of any building used as a shop or dwelling, nor shall sheds for such animals be erected nearer than 20 yards of any such building.

2. No animals shall be slaughtered within 100 yards of any building, source of water-supply, or public road or way, except with the permission in writing of a Sanitary Officer, or otherwise than within enclosures erected for the purpose on such sites as may be selected or approved of by the Sanitary Board.

3 Every owner of a market, or of any slaughter house, or other place used for slaughtering animals, shall provide such drains and cess-pits therein and such floor therefor as may be considered necessary by a Sanitary Officer; also a supply of water sufficient for keeping such market, slaughter house, or other place in a clean and wholesome condition.

4. No place shall be used for selling or storing or exposing for sale meat, poultry, fish, fruit or vegetables without a license from a Sanitary Officer, who may at any time revoke such license.

5. No place shall be used for slaughtering cattle, sheep, goats or pig without a license from the Sanitary Board.

6. The owner or contractor of every market, slaughter house, or other place used for slaughtering animals shall pay to Government such fees as it may prescribe from time to time, and every person bringing an animal for slaughter to such market, slaughter house, or other place, shall pay to the owner or contractor thereof a fee according to the following scale:—

	As.
Bullock	6
Cow	6
Buffalo	6
Calf	6
Sheep	2
Goat	2
Pig	2

7. All slaughtering of animals shall take place within such hours as the Sanitary Board may prescribe, after which all skins, carcasses, bones, horns, and offal must be removed and the premises cleaned by the owner or contractor.

8. A Sanitary Officer may permit any person or persons to kill, without license and without payment of any fee, any animal at any place on the occasion of festivals and ceremonies, or as a special measure.

SECTION VII—GENERAL.

I. No person shall feed or cause to be fed any milch-cow or animal suitable for human food on night-soil, stable litter or other refuse or deleterious matter, or

allow any latrine, cesspool or receptacle for filth, or any house or premises to remain in a filthy condition after six hours' notice from a Sanitary Officer, or

throw or allow to be thrown, or allow to flow, any foul water, filth, urine, or refuse into or on any road, street or bye-way, or

remove night-soil or other noxious matter along any road or thoroughfare so as to be offensive or dangerous to health, or

deposit manure, filth or rubbish in any open place, drain, river, pond, or tank, or in any other place not specially set apart for that purpose, or

neglect to comply with an order from a Sanitary Officer to whitewash or disinfect any premises which he owns or occupies, or to clean, repair, fill up, or cover any well, tank, reservoir, marshy ground, or excavation, or remove rank vegetation or other matter within such premises, or

being afflicted with a loathsome, infectious or contagious disease, expose for sale any article of food or drink, or

carry or cause to be carried along any public thoroughfare any article that has been used by or has been in contact with any person suffering or convalescing from any infectious or contagious disease, or

obstruct any person appointed under these Rules for the purposes of sanitation.

Section VIII—Burial and Burning Grounds.

1. No person shall bury or burn dead bodies or cause the same to be buried or burnt in any place other than the burial or burning ground duly appointed for the purpose by or under the orders of the Government.

2. No person shall build or dig, or cause to be built or dug, a grave in any ground so appointed, at a less distance than two feet from any existing grave; and no grave shall be less than six feet in depth.

Section IX—Prevention and Treatment of Infectious and Contagious Diseases.

1. Every Person shall be bound to give immediate information to the nearest Magistrate, Sanitary Officer, Police Officer, or Medical Officer not below the grade of Hospital Assistant, of any case of infectious or contagious disease or of death from such disease, coming to his knowledge.

2. It shall be the duty of the person to whom such information is given, to institute or cause to be instituted immediate inquiry as to the nature of such disease or the cause of such death and to report the result of such enquiry to a Sanitary Officer.

3. Any person found suffering from cholera, small-pox, plague or other infectious or contagious disease, may be removed to a hospital set apart for the treatment of such diseases, by a written order from a Sanitary Officer; and all persons residing in the building in which such disease occurs may be segregated by a similar order.

4. Persons infected or suspected to be infected with any such disease, and persons residing in a locality in which such disease has occurred, may be prohibited by a written order from a Sanitary Officer from leaving such locality unless and until a Sanitary Officer certifies that they may safely be permitted to leave such locality.

Section X—Under-ground Sanitation in Mines.

1. Every Superintendent of a Mine shall be bound to provide or cause to be provided a sufficient supply of pure drinking water underground, at such points as may be directed by the Inspector of Mines, and from such sources as may be approved of by the Sanitary Board.

2. Every Superintendent of a Mine shall be bound to provide or cause to be provided suitable latrines or privies for the use of persons employed underground, at such points as may be directed by the Inspector of Mines, and shall provide a sufficient number of scavengers and overseers underground to keep such latrines and privies clean and wholsome. All excrement and other filthy matter shall be deodorized daily with a deodorant approved by the Sanitary Board, and disposed of in manner prescribed by such Board.

3. No person shall ease himself or urinate in any underground part of a mine other than the place set apart for such purpose or drink or take water for drinking purposes from other than the duly appointed supply.

ed unnecessary by a Sanitary Officer, to erect and to keep clean and in repair, a suitable double latrine for the use of the persons so employed. On the failure of any person to comply with this rule, a Sanitary Officer may, after 24 hours' notice in writing to such person, cause a double latrine as aforesaid to be constructed, cleaned, or repaired as the case may be, and levy the cost thereof from such person by distraint and sale of his movables, or may stop the further progress of the work on which the men are employed until the provisions of this rule have been complied with.

SECTION VI—KEEPING AND SLAUGHTER OF LIVE-STOCK, ETC.

1. Unless with the permission of the Sanitary Board, no cattle, sheep, goats or pigs shall be kept within 30 feet of any building used as a shop or dwelling, nor shall sheds for such animals be erected nearer than 20 yards of any such building.

2. No animals shall be slaughtered within 100 yards of any building, source of water-supply, or public road or way, except with the permission in writing of a Sanitary Officer, or otherwise than within enclosures erected for the purpose on such sites as may be selected or approved of by the Sanitary Board.

3. Every owner of a market, or of any slaughter house, or other place used for slaughtering animals, shall provide such drains and cess-pits therein and such floor therefor as may be considered necessary by a Sanitary Officer; also a supply of water sufficient for keeping such market, slaughter house, or other place in a clean and wholesome condition.

4. No place shall be used for selling or storing or exposing for sale meat, poultry, fish, fruit or vegetables without a license from a Sanitary Officer, who may at any time revoke such license.

5. No place shall be used for slaughtering cattle, sheep, goats or pig without a license from the Sanitary Board.

6. The owner or contractor of every market, slaughter house, or other place used for slaughtering animals shall pay to Government such fees as it may prescribe from time to time, and every person bringing an animal for slaughter to such market, slaughter house, or other place, shall pay to the owner or contractor thereof a fee according to the following scale:—

	As.
Bullock	6
Cow	6
Buffalo	6
Calf	6
Sheep	2
Goat	2
Pig	2

7. All slaughtering of animals shall take place within such hours as the Sanitary Board may prescribe, after which all skins, carcasses, bones, horns, and offal must be removed and the premises cleaned by the owner or contractor.

8. A Sanitary Officer may permit any person or persons to kill, without license and without payment of any fee, any animal at any place on the occasion of festivals and ceremonies, or as a special measure.

SECTION VII—GENERAL.

I. No person shall feed or cause to be fed any milch-cow or animal suitable for human food on night-soil, stable litter or other refuse or deleterious matter, or

allow any latrine, cesspool or receptacle for filth, or any house or premises to remain in a filthy condition after six hours' notice from a Sanitary Officer, or

throw or allow to be thrown, or allow to flow, any foul water, filth, urine, or refuse into or on any road, street or bye-way, or

remove night-soil or other noxious matter along any road or thoroughfare so as to be offensive or dangerous to health, or

deposit manure, filth or rubbish in any open place, drain, river, pond, or tank, or in any other place not specially set apart for that purpose, or

neglect to comply with an order from a Sanitary Officer to whitewash or disinfect any premises which he owns or occupies, or to clean, repair, fill up, or cover any well, tank, reservoir, marshy ground, or excavation, or remove rank vegetation or other matter within such premises, or

being afflicted with a loathsome, infectious or contagious disease, expose for sale any article of food or drink, or

carry or cause to be carried along any public thoroughfare any article that has been used by or has been in contact with any person suffering or convalescing from any infectious or contagious disease, or

obstruct any person appointed under these Rules for the purposes of sanitation.

Section VIII—Burial and Burning Grounds.

1. No person shall bury or burn dead bodies or cause the same to be buried or burnt in any place other than the burial or burning ground duly appointed for the purpose by or under the orders of the Government.

2. No person shall build or dig, or cause to be built or dug, a grave in any ground so appointed, at a less distance than two feet from any existing grave; and no grave shall be less than six feet in depth.

Section IX—Prevention and Treatment of Infectious and Contagious Diseases.

1. Every Person shall be bound to give immediate information to the nearest Magistrate, Sanitary Officer, Police Officer, or Medical Officer not below the grade of Hospital Assistant, of any case of infectious or contagious disease or of death from such disease, coming to his knowledge.

2. It shall be the duty of the person to whom such information is given, to institute or cause to be instituted immediate inquiry as to the nature of such disease or the cause of such death and to report the result of such enquiry to a Sanitary Officer.

3. Any person found suffering from cholera, small-pox, plague or other infectious or contagious disease, may be removed to a hospital set apart for the treatment of such diseases, by a written order from a Sanitary Officer; and all persons residing in the building in which such disease occurs may be segregated by a similar order.

4. Persons infected or suspected to be infected with any such disease, and persons residing in a locality in which such disease has occurred, may be prohibited by a written order from a Sanitary Officer from leaving such locality unless and until a Sanitary Officer certifies that they may safely be permitted to leave such locality.

Section X—Under-ground Sanitation in Mines.

1. Every Superintendent of a Mine shall be bound to provide or cause to be provided a sufficient supply of pure drinking water underground, at such points as may be directed by the Inspector of Mines, and from such sources as may be approved of by the Sanitary Board.

2. Every Superintendent of a Mine shall be bound to provide or cause to be provided suitable latrines or privies for the use of persons employed underground, at such points as may be directed by the Inspector of Mines, and shall provide a sufficient number of scavengers and overseers underground to keep such latrines and privies clean and wholsome. All excrement and other filthy matter shall be deodorized daily with a deodorant approved by the Sanitary Board, and disposed of in manner prescribed by such Board.

3. No person shall ease himself or urinate in any underground part of a mine other than the place set apart for such purpose or drink or take water for drinking purposes from other than the duly appointed supply.

4. It shall be the duty of every underground employee of a mine who becomes cognisant of a breach of any of the provisions of this Section, to report the same to the Inspector of Mines or a Sanitary Officer.

SCHEDULE.

LOCAL AREA FOR WHICH THE RULES ARE MADE.

The following Villages in and around the Kolar Gold Fields :—

Doddur Karpanahally, Doddurhally, Madamuttanahally, Hulkund, Badmakanhally Aisandra, Kadregaudankote, Pedadampalli, Raddihalli. Thammenhalli, Kausandra, Nagasettihalli, Shimanbandi, Guvanhalli, Chinpalli. L. B. B.–LOCAL FUNDS

Proceedings of the Government of Mysore,

READ—

Report on the Administration of the District Funds of the French Rocks Circle for 1897-98, received with letter No 963—15, dated 5th May 1899, from the President of the Local Fund Boards, Mysore district.

No. 3168-73—L. F. 37-98, DATED BANGALORE, 2ND SEPTEMBER 1899.

ORDER THEREON.—There were 14 members, 9 official and 5 non-official, on the French Rocks Local Fund Board at the end of the year 1897-98. Three meetings were held during the year against five in the year previous. This is less than the prescribed minimum, and requires explanation. The Civil Surgeon was absent from all the meetings, but the attendance of the remaining official and of the non-official members was satisfactory.

2. The income under all heads was Rs. 50,355 against Rs. 43,462 of the previous year, the increase being chiefly due to the credit of Rs. 7,084 afforded to District Fund from Local Funds General as grant-in-aid sanctioned for the two following works:—

	Rs.
(1) Widening the bridge across the waste weir of the Devirammankere in Krishnarajpete	4,084
(2) Opening out a fair weather road from Krishnarajpete to Bandahole	3,000

Including the opening balance, the sum available for expenditure was Rs. 66,576, of which Rs. 49,382 were expended, leaving a balance of Rs. 17,194 at the end of the year.

	Estimate 1897-98 Rs	Actuals of 1897-98. Rs. a. p.
A. Public Works to be executed by P. W. D.	35,629	41,899 15 8
B. Public Works do Rev Dept	4,182	702 10 7
C. Civil Charges	11,854	6,779 4 9
Total	51,665	49,381 15 0

3. Under "A. Public Works" there was an excess expenditure over the budget allotment and special sanction should have been obtained for such excess as directed in para 2 of Government Proceedings No. 9247-52—L. F. 63-97, dated 8th February 1899. On the other hand the Revenue Department was not able to turn to account more than 16 8 per cent of the allotment sanctioned for works to be executed by them. The explanation offered for this large lapse is not satisfactory, and it is hoped that in future the budget provisions will be fully utilized during the year with the help of the Work Inspectors sanctioned for the sub-division.

4. The total number of births fell from 6,077 to 5,044, while the number of deaths rose from 4,910 to 6,134, the increase being chiefly under fevers and small-pox. It is noted that during 1897-98, deaths from cholera were only 75 against 584 of the previous year.

5 There were seven dispensaries in the French Rocks Circle, the number of patients treated in them during 1897-98 being 50,074 against 93,777 in the preceding year. This large decrease has not been accounted for as it ought to have been.

6. The number of midwives remained the same as in 1896-97, *viz.*, 5, but the number of labor cases attended to by them was 222 or 26 more than that of the previous year.

7. The number of persons vaccinated during the year was 6,792 against 7,039 of the previous year. The attention of the Senior Surgeon and the President is invited to the falling off in the number of persons vaccinated and to the increase of deaths from small-pox, in view to the needful being done in the matter.

In 1896-97	..	678
In 1897-98	.	718
		40

8. *Local Funds General.*—During the year under review, 36 works were undertaken from Local Funds General, the aggregate expenditure incurred on them being Rs. 4,906-8-7 against the sanctioned estimates for Rs. 7,978-8-0.

9. *Village School Fund.*—The total number of schools maintained from the Village School Fund, to which 24 per cent of the local cess on all items of revenue is credited, was 106 with 3,355 boys and 210 girls undergoing instruction therein. The fee income realized in the Anglo-Vernacular and Taluk Branch Schools was Rs 419, while the expenditure incurred on all the schools was Rs. 14,313.

1. Anglo-Vernacular School		1
2. Taluk Branch Schools		13
3. Hobli Schools	.	85
4. Aided Village Indigenous Schools	..	7
		106

10. Government regret that there was great delay in the submission of this report, which was due in this office on 1st October 1898, but was not received for seven months subsequent to that date It is hoped that such delays will be avoided in future.

Copies to the Presidents of District Fund Boards of other Circles.

READ—

Report on the Administration of the District Funds of the Kadur Circle for 1897-98, received with letter from the President, District Fund Board, No. 519, dated 18th April 1899.

No. 3155-60—L. F. 37-98, DATED BANGALORE, 2ND SEPTEMBER 1899.

ORDER THEREON.—There were 18 members on the Board (11 official and 7 non-official) against 16 of the previous year, the increase being due to the addition of two Assistant Commissioners under the authority conveyed in Proceedings No. 13527-34—L. F. 275-92, dated 19th June 1897. The Board met four times during the year with an average attendance of 12 at each meeting.

2. Excluding the debit balance of Rs. 1,532 on 1st July 1897 against the District Funds of the Kadur Circle, the sum available for expenditure during 1897-98 was Rs. 50,995, of which Rs. 38,200 was expended, leaving a balance of Rs. 12,795 at the end of the year.

3. The total income of the year decreased by Rs. 369 and the total expenditure by Rs. 29,877. The large decrease under "Expenditure," which is chiefly under "Public Works," was due in part to the *writing back* in the accounts

the expenditure of Rs. 16,279-6-7, incurred in connection with the extension of the Bababudan Hill road, which was transferred from District Funds to Local Funds General, in Proceedings No. 14362-4—185-93, dated 4th May 1898.

4. The number of births decreased from 3,783 to 2,804, while the number of deaths rose from 3,551 to 5,454. The increase of mortality was chiefly under cholera, small-pox, bowel-complaints and fevers.

5. The number of Local Fund dispensaries was 13, one more than in the previous year, the one at Sakrepatna having been recently sanctioned by Government. The number of patients treated in them during 1897-98 rose from 68,622 to 97,797, an increase which Government note with satisfaction.

6. There were six midwives in the district as in the previous year, but the number of labor cases attended to by them decreased from 263 to 217, the decrease being due chiefly to the absence of midwives in the Koppa and Chikmagalur taluks.

7. The number of persons vaccinated during 1897-98 was only 7,826 against 8,268 in 1896-97.

8. *Local Funds General.*—The total grant sanctioned from Local Funds General on account of incomplete works as well as fresh works during 1897-98 was Rs. 17,284, of which Rs 2,754 were appropriated for works by Public Works Department and Rs.12,866 for works carried out by Revenue agency, leaving a balance of Rs. 1,664 unappropriated. Rs. 2,727 or nearly the whole of the allotment was spent by the Public Works Department on three works, while the Revenue Department was able to spend only Rs. 5,683 on 27 works, allowing a large sum of Rs. 7,183 or more than 56 per cent to lapse at the end of the year.

	By P. W. Dept.	Revenue Dept
	Rs.	Rs.
1. Sanctioned grant	2,754	12,866
2. Actual outlay	2,727	5,683
3. Balance allowed to lapse	27	7,183

9. *Village School Fund.*—The number of schools supported from the Village School Fund, to which 24 per cent of the cess on all items of revenue is credited, was 59 * with 1,914 boys and 85 girls. The total expenditure incurred on them was Rs 7,403-13-10.

*1 Anglo-Vernacular School
4 Taluk Branch Schools.
54 Hobli Schools.

10. The Government regret to notice that there was a great delay in the submission of the report, which was due on 1st October 1898, but was not received in this office till 18th April 1899, or more than about six and a half months after due date. It is hoped that such delays will be avoided in future and the annual reports submitted so as to reach this office before the due date.

Memo No. 3161-7—L. F. 37-98.

Copies to Presidents of the other Local Fund Boards in the State.

READ—

The revised Report on the Administration of the District Funds of the Mysore Circle for 1897-98, received with President's letter No 1056, dated 2nd June 1899.

No. 3847-58—L. F. 37-98, DATED BANGALORE, 20TH SEPTEMBER 1899.

ORDER THEREON.—The number of members on the Mysore Local Fund Board was 21, or two more than in the previous year. The Board met four times during the year with an average attendance of 17·2 members.

2. The income of the year, including the balance on 1st July 1897, was Rs. 1,21,455, of which Rs. 79,980 were expended, leaving a balance of Rs. 41,475 at the end of the year.

3. The receipts were better than those of the previous year by Rs. 7,967, the increase being chiefly contributed by (1) 76 per cent of local cess, due to increase under land revenue, (2) Tolls, due to the introduction from 1st January 1898 of the same on the out-going traffic, also as per Government Proceedings No. 4169-75—L. F. 111-91, dated 8th October 1897; (3) Market Fees, due to the income of the whole year from fees of Santemarahalli having been credited during 1897-98, instead of the income for a portion of the year as in 1896-97; and (4) Refunds of unexpended sums drawn for works at the end of the year.

4. Expenditure, on the other hand, decreased by Rs. 5,760, as per particulars given in the margin. Out of a total grant of Rs 46,394 sanctioned for works to be executed by the Public Works Department, a sum of Rs. 44,212 was turned to account, leaving a balance of Rs. 2,182 or 4·7 per cent to lapse at the end of the year. On the other hand, the Revenue Department did not utilize more than Rs. 9,716 or 39·8 per cent of the budget grant (Rs. 24,369) during the year. The large percentage of lapse is explained to be due to (1) Non-payment to contractors for work done by them in the case of two works; (2) Non-receipt of estimates in time or the refusal by raiyats to do their portion of work, and to (3) Building materials or suitable site for a musafirkhana not having been procured in time. The explanation is not satisfactory. Every endeavour should, in future, be made to fully utilize the budgetted grants through the agency of the Work Inspectors recently sanctioned for the several taluks.

	1896-97	1897-98.
A Public Works executed by Public Works Dept	59,455	51,949
B. Do do by Revenue Dept	13,271	10,124
C Civil charges	13,014	17,907
	85,740	79,980
Decrease	5,760	

5. During the year under review, Periyapatam was added to the list of dispensaries in the district. The total number of in-door and out-door patients treated in all medical institutions in the Mysore Circle supported from District Funds, except the Native dispensaries opened by private individuals, was 135,021 against 97,726 in the year preceding.

6. There were seven midwives during the year, and two scholarships were granted to two women to undergo training in midwifery in H. H. the Maharani's Hospital at Mysore. The total number of labor cases attended to by these midwives was 304 against 247 of the previous year.

7. The number of persons vaccinated was only 8,919 against 9,549 of the preceding year, the decrease being due to the want of a vaccinator for eight months in the Heggaddevankote taluk, as well as to the absence from duty of the extra vaccinator of the district on sick leave for a period of six months.

8. The total number of births increased from 9,381 to 11,402, and of deaths from 12,227 to 18,234. The mortality from fevers was greatest, being 12,570 against 5,884 in the previous year. It is satisfactory to note, however, that deaths from cholera fell from 2,154 to 55 in 1897-98.

9. *Local Funds General.*—Out of a total grant of Rs. 24,323 sanctioned from Local Funds General for the incomplete works of previous years as also for fresh works during the year, only Rs. 12,581 or a little more than a half, was spent before the close of the year. The large lapse under this head is explained to be due to the Work Inspectors having only been recently appointed for the supervision of works undertaken by the Revenue Department.

10. *Industrial School at Mysore.*—A report* submitted by the President shows that the strength of the school was about the same as in the previous year, and that the results attained at the Madras Technical Examinations during the year were fairly satisfactory. The total income realized from the several classes under all heads amounted to Rs. 1,577-10-10, while the total expenditure incurred from Local Funds General during the year amounted to Rs. 12,596. It is noted that though the school has been in existence for several years it is not being worked so as to make it more remunerative.

*Appendix A.

11. *Village School Funds.*—The total income of the Fund, to which 24 per cent of the local cess on all items of revenue is credited, was Rs. 18,166, while the expenditure during the year exceeded this amount by Rs. 25,208 as per particulars given in the margin. The number of schools maintained from this Fund was 288 with 9,355 boys and 812 girls, or in all 10,167 undergoing training in them.

Receipts.	Rs.	
24 per cent of one-anna cess on land revenue	17,358	18,166
School fees	800	
Expenditure.		
Anglo-Vernacular Schools	3,123	
Taluk Branch Schools	4,506	
Hobli Schools	29,141	
Government Normal Schools	6,448	
Aided Village Indigenous Schools	156	
Total	43,374	
Excess	25,208	

12. The President's remarks in the concluding para of the report, regarding the financial condition of the District Fund Board and the necessity for liberal grants from Local Funds General for important works in the district, have been noted This may, however, form the subject of a separate communication.

13. There was a great delay in the submission of this report, which was due on 1st October 1898 but was not received in this office until upwards of eight months after that date. Such delays should be avoided in future.

No. 4319-28—L. F. 86-97, DATED BANGALORE, 28TH SEPTEMBER 1899.

ORDER THEREON.—After a careful consideration of the suggestions embodied in the replies read above, the Government are pleased to sanction the introduction of the Rules framed under the Village Sanitation Regulation, published with Order No. Gen. 3206—Legis. 16, dated 29th August 1898, into all the villages in the State containing not less than 100 houses. It is not considered necessary to deal at once with the question of funds required for the working of the Rules, as it is hoped that the existing taluk and village agency may, for the present, be utilized for the purpose without inconvenience.

The Deputy Commissioners are requested to see that the manner of publication in the villages prescribed in Section I of the Rules is strictly complied with before they are brought into effective operation.

The report of the introduction of the Rules, together with a list of villages into which they have been introduced, should be submitted for the information of Government immediately after the Rules have been so brought into force.

	Closing balance	—9,729	—10,482
	Grand Total ...	1,61,513	1,55,800

RECEIPTS.

2. *I. Octroi.*—The increase under this head is expected from the marginally noted additional articles proposed to be brought under taxation in the Municipality. As the levy of duty on foreign tobacco, which is being taxed in the Civil and Military Station municipality has been sanctioned by Government in para 3 of Proceedings No. 12462—L. F. 194-94, dated 2nd May 1899, the estimate of revenue expected from this article is passed. But as the question of taxing the other articles simultaneously in the City as well as in station municipalities is an unsettled one, being still under correspondence, it is considered inadvisable

	Rs
(1) Foreign tobacco	3,375
(2) Kerosine oil	4,734
(3) Timber	18,736
(4) Tiles (Mangalore)	54
(5) Piece goods	7,500
Total ...	34,399
Deduct foreign tobacco ...	3,375
Total ...	31,024

to include any revenue that may be expected from them, and the same will therefore be struck out, the total estimate under this head being reduced to Rs. 30,120.

3. *Opening balance.*—It is not clear whether the loan recently sanctioned by Government and the expenditure incurred therefrom before the close of the year 1898-99 were taken into account in arriving at the estimate under this head. Pending information on this point and the receipt of final accounts from the Comptroller for 1898-99, the debit balance of Rs. 14,479, proposed by the Board will be retained.

EXPENDITURE.

4. *II. Head office.*—In lieu of the provision (Rs. 8,400) for the salary of the full time President sanctioned for 1898-99, the present budget provides for the salary of the Extra Assistant Commissioner, Mr. S. Srinivasa Row, appointed Vice-President of the Municipality in Proceedings No. 4974—Pg. F. 21-96, dated 10th October 1898, and for the monthly allowance of Rs. 150 sanctioned to the *Ex-officio* President in Proceedings No. 4302-4—Mis. 1041, dated 24th September 1898. The provision is passed.

5. *III. Collection (a) Octroi.*—The provision made for the salary of the Octroi Manager on Rs. 50+15 per mensem sanctioned in Proceedings No. 8020-1—L. F. 45-92, dated 16th January 1897, which was subsequently abolished as unnecessary, will be disallowed and the estimate reduced to Rs. 3,422, as the proposed extension of Octroi, in consequence of which this provision is proposed, is still under correspondence and the revenue expected therefrom has been disallowed in para 2 *supra*. It is observed that the designation "Excise Officer" ordered to be changed into "Octroi Inspector" in Government Proceedings No. 12333-4—L. F. 276-96, dated 1st April 1898, and No. 457-61—L. F. 110-97, dated 9th July 1898, is repeated in the present budget also. The necessary alteration will be made in this office.

6. *IV. Conservancy (a) Establishment* —The present budget newly provides for the salaries of a clerk on Rs. 10 and two peons on Rs. 6 each per mensem, sanctioned in Government Proceedings No. 10769-70—L. F. 27-97, dated 4th March 1898, for collection of the scavenging cess, but makes no provision on account of the increases to the conservancy staff amounting to Rs. 276 per mensem sanctioned in Proceedings No. 117-8—L. F. 110-97, dated 3rd July 1899. The omission will be supplied and the estimate raised to Rs. 25,452.

7. *IV. Conservancy (b) Other charges.*—The Board provide an increase of Rs. 504 under this head on account of the *amani* system of conservancy sanctioned in Proceedings Nos. 6019-20—L. F. 110-97, and Pg. 274-5, dated 10th November and 26th October 1898, respectively, with an expression of hope that it may be unnecessary, as the original contract system may be brought into force as soon as men come forward to take it up. With reference to this, it is observed that the above sum of Rs. 504 represents the monthly and not the annual cost of the *amani* system as the budget would make it appear. If the continuance of the system during the remaining 11 months of the year, for which no provision exists, is found necessary, the cost thereof can be more than met from the provisions of Rs. 5,400 and Rs. 500 made respectively for the hire of 30 conservancy carts and for the purchase of new carts, which may not be required at all. The estimate will be retained, pending the submission of a report as to the date from which the *amani* system will cease and as to the amount which may be realized by the sale of carts and bullocks purchased at a cost of Rs. 4,000 to work the *amani* system.

8. *VIII. Public Works (a) Supervision.*—The budget provides for the monthly house allowance of Rs. 20 to the Municipal Executive Engineer sanctioned in Proceedings No. 3449-50—L. F. 131-97, dated 12th September 1898, and for the salary of a draftsman sanctioned in Proceedings No. 599-600—L. F.

309-96, dated 12th July 1898. The provision is passed with an observation that the President should have submitted for the final orders of Government the report called for in para 4 of Government Proceedings No. 14683-7—Mis. 3098, dated 10th May 1898, in regard to the work of the Municipal Engineer.

9. *XI. Miscellaneous.*—The provision under this head includes Rs. 400 on account of payments for municipal services rendered to individuals. This item is more of the nature of municipal revenue than of expenditure. The necessity for this provision without any estimate on the side of receipts should be explained. Pending information the provision will stand. No provision has been made under the head "Re-payment of Loans." A sum of Rs. 10,000 will be entered towards the loan of Rs. 10,000 sanctioned in Proceedings No. 14708-9—L. F. 43-98, dated 28th June 1899, on the understanding that it should be repaid before 30th September 1899, pending the issue of final orders fixing the annual instalments for re-payment of other loans advanced to the municipality.

10. The other items call for no remarks and are passed.

11. The budget estimates of the City Municipality for 1899-1900, are sanctioned as per details given in the accompanying appendices of which an abstract is given below:—

Items.	Receipts.	Estimate.	
		As proposed.	As sanctioned.
		Rs.	Rs.
I	Octroi	61,144	30,120
II	Tax on houses, &c.,	25,000	25,000
	Lighting tax	5,000	5,000
III	License receipts—		
	(a) Liquor shops ...	19,000	19,000
	(b) Other licenses .	7,500	7,500
VII	Mohatarfa—		
	(a) Shop tax	12,000	12,000
	(b) Oil mill tax ...	400	400
	(c) Cart tax	1,200	1,200
VIII	Rents	7,000	7,000
IX	Fines	35	35
X	Miscellaneous	32,000	32,000
	Total ...	1,70,279	1,39,255
	Opening balance .	—14,479	—14,479
	Grand Total ...	1,55,800	1,24,776

Items	Expenditure.	Estimates	
		As proposed	As sanctioned
		Rs.	Rs.
II	Head office	13,397	13,397
III	Collection	10,568	9,788
IV	Conservancy—		
	(a) Establishment ...	22,140	25,452
	(b) Other charges ...	6,884	6,884
V	Registration of births and deaths.	1,284	1,284
VII	Lighting	12,585	12,585
VIII	Public Works—		
	(a) Supervision ...	6,194	6,194
	(b) to (o) Works ...	55,096	55,096
IX	Charitable grants	20,893	20,893
X	Education	12,222	12,222
XI	Miscellaneous—		
	1 Repayment of loans ...	...	10,000
	2. Payment for municipal services rendered to individuals.	400	400
	3. Other items	4,619	4,619
	Total ...	1,66,282	1,78,814
	Closing balance ...	—10,482	—54,038
	Grand Total ...	1,55,800	1,24,776

12. From the above it appears that there will be a debit balance of Rs. 54,038 against the municipality at the end of the year 1899-1900, while under the Standing Orders there should be a working balance of at least Rs. 20,000 in favour of the municipality.

In addition to the provisions made in the budget, the President requests sanction to the Board's recommendation for the employment of the following

new hands and the grant of increases aggregating Rs. 7,784 for the year which are considered necessary but have not been included in the budget on the ground of the items being new. If these items are sanctioned and included in the budget the debit balance will rise to Rs. 61,822. To enable Government to pass final orders on the subject, the President is requested to submit his proposals for meeting the deficit:—

Items	Increase.	Reason for new appointment or increase.
	Rs.	
IV. (a) Additional Assistant Sanitary Inspector on 30+15 per mensem	65	As the sanitation of the City requires better supervision.
(2) Increase of allowance to the existing Assist Sanitary Inspector from 45+10 to 45+15.	5	As it is not possible to maintain ponies in Bangalore on their present allowance of Rs. 10 and 7 respectively.
III. (b) (3) Increase of horse allowance to Octroi Deputy Inspector from Rs. 25+7 to 25+15 or Rs 8 per mensem.	8	
(4) 4 Additional Scavengers at Rs. 6 each	240	As several new lanes have been opened, and the number of houses for daily conservancy have increased.
Twenty sweepers at Rs 6 ..	120	
Do at Rs. 5 ...	100	
(5) VIII Public Works (a) Increase of pay to 4 Public Works Sub-Overseers on 20+15 to 25+15.	20	As some encouragement is necessary to these hard worked and deserving officials.
(6) IX. Increase of salary by Re. 1 each to waterman and toti attached to Fort Dispensary.	2	As the Senior Surgeon recommended the increase.
(7) Increase of Rs. 47 per mensem to the chatram Hospital temporarily for one year.	47	Ditto proposed the reorganization of the establishment.
(8) X. Furniture to schools.	500	As the Municipal school requires furniture very badly.
Total per annum ...	7,784	

Pending the submission of definite proposals to meet the deficit and final orders of Government thereon, the budget estimates as modified above are provisionally passed. No original works should, however, be undertaken unless the Board raise additional funds by adopting methods similar to those already adopted in the Civil and Military Station. Government consider that it is easy to realize an increased revenue by the adoption of the suggestion made above, and that the Board should not ask for loans for ordinary administration which alone is provided for in this budget.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President, Bangalore City Municipality.
The Comptroller to the Government of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Inspector General of Education of Mysore.
The Chief Engineer of Mysore.
The Superintending Engineer, Sanitary Works, through Chief Engineer.
The Presidents of Municipalities in other Districts.

READ—

Letter No. 814—786, dated the 17th April 1899, from the President of the Municipalities in the Chitaldrug district, soliciting sanction to the formation of a Municipality at Turavanur, the head-quarters of the Turavanur hobli in the Chitaldrug taluk

No. 3030-3—L. F. 341-96, DATED BANGALORE, 1ST SEPTEMBER 1899.

ORDER THEREON.—Government are pleased to sanction the establishment of a Municipality at Turavanur.

2. The receipts and expenditure of the Municipality for 1899-1900 are estimated as follows:—

Items of Receipts		Amount	Details of Expenditure		Amount
		Rs			Rs
II Tax on houses		560	IV Conservancy—		
VII Mohatarfa—			(1) Establishment		
(a) Shop tax		50	4 sweepers on Rs. 5 each and 1 peon on Rs. 6 per mensem		312
(d) Cart do ..		10	(b) Other charges		
X Miscellaneous—			(1) Contingencies .		12
(1) Pounds		50	(2) Hand cart		25
	Total .	670		Total	349
Opening balance			Closing balance .		321
Total including balance ...		670		Grand Total	670

3. The President is requested to submit a list of members, ex-officio as well as nominated, whom he would propose to appoint as members for the newly constituted Municipality of Turavanur.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of Municipalities, Chitaldrug District
The Comptroller to the Government of Mysore
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore
The Chief Engineer of Mysore.

READ—

Letter No 898, dated 14th April 1899, from the President of the Municipalities in the Mysore district, submitting a report on the working of the Minor Municipalities in the district, except French Rocks sub-division, for 1897-98.

No. 3181-6—L. F. 38-98, DATED BANGALORE, 2ND SEPTEMBER 1899.

ORDER THEREON.—The formation of a municipality at Mirle having been sanctioned by Government in December 1897, there were at the end of the year 1897-98, 11 municipalities against 10 in the previous year. The number of members of the several Boards was 95 against 84 in the year previous. Twelve meetings were held in each of the municipalities except the newly constituted one at Mirle, where only 3 meetings were held.

2. The income under all heads amounted to Rs. 42,572 against Rs. 42,319 in 1896-97. Including the actual balance of Rs. 32,582 on 1st July 1897, the sum available for expenditure was Rs. 75,154, of which Rs. 54,914, against Rs. 46,228 in 1896-97, was expended, leaving a balance of Rs. 20,240 at the end of the year.

3. The income of the year, which was nearly the same as that of the previous year, included the marginally noted items credited to the municipalities of Yedatore, Hunsur and Nanjangud on account of water-supply and other sanitary works undertaken by the Sanitary Department. On the other hand, there was an increase of Rs. 6,793 under "Expenditure" which was chiefly the result of a gross increase of Rs. 16,756 under "Miscellaneous" due to Rs. 18,564 having been debited to the Yedatore Municipality as repayment of loan and of a gross decrease of Rs. 11,183 under "VIII Public Works" due to small expenditure incurred by the Sanitary Department on sanitary works, on account of the completion of the water-supply projects in those towns.

		Rs.	a.	p.
Yedatore	Amount refunded on account of loan towards the water-supply project, &c., which was ordered to be debited to Provincial Funds (Statement V).	18,564	13	9
Hunsur ...	(*a*) Loan for water-supply project.	63	1	4½
	(*b*) Grant-in-aid	63	1	4½
Nanjangud	(*a*) Loan for water-supply project.	1,657	11	4½
	(*b*) Grant-in-aid	1,657	11	4½

4. The total demand under all heads, including arrears of previous years, was Rs. 24,560, of which Rs. 19,695 was collected, leaving a balance of Rs. 4,865 at the end of the year. It is reported that the bulk of the arrears has since been collected and that statements of irrecoverable items amounting to about Rs. 2,000 will be submitted for the sanction of Government. The early submission of these statements will be awaited.

5. The number of births decreased from 432 to 395 and the number of deaths from 723 to 697. It is satisfactory to note that there were no deaths from cholera in any of the towns during 1897-98.

6. The number of Local Fund dispensaries supported from Municipal Funds remained the same as in the previous year, but the number of patients treated in them rose from 30,586 to 44,732.

7. A statement showing the number of labor cases attended to by the taluk midwives, as compared with those of the previous year, has not been furnished. The omission should be supplied in future reports.

The total number of persons vaccinated during the year was only 510 against 768 in the preceding year, and this decrease has not been accounted for.

8. The total expenditure incurred during 1897-98, by the several municipalities towards the cost of Vernacular and Anglo-Vernacular Schools, was Rs. 1,637.

9. It is observed that there was a great delay in the submission of the report, which was due in this office on 1st October 1898, but was not received till six and a-half months after that date. Such delays should be avoided in future.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of the Municipalities in the Mysore District.
The Comptroller to the Government of Mysore.
The Senior Surgeon to the Government of Mysore.
The Chief Engineer to the Government of Mysore
The Superintending Engineer, Sanitary Works, through the Chief Engineer.
The Inspector General of Education.

Memo No. 3187-93—L. F. 38-98.

To—The Presidents of Municipalities in other Districts.

READ —

Letters Nos. 707 and 709, dated 20th and 22nd May 1899, respectively, from the President of the Municipalities in the Tumkur District, submitting the budget estimates of the several municipalities in the district for 1899-1900.

Letters Nos. 783 and 40, dated 20th June and 15th July 1899, respectively, from the same Officer, submitting explanations called for in regard to the above budgets.

No. 3257-62—L. F. 76-98, DATED BANGALORE, 5TH SEPTEMBER 1899.

2. *I. Octroi.*—The estimate under this head shows a decrease and is stated to be based on the diminished actuals of the first six months of the year 1898-99. The reasons for the fall in the revenue from this source during the period as well as in 1897-98 should have been explained. The estimate is, however, allowed.

3. *III. License Receipts.*—The President considers that it is not likely that there will be keen competition during 1899-1900 in the sale of the right to collect slaughter-house fees in the town of Tumkur. This accounts for the decrease in the estimate which is passed.

4. *VII. Mohatarfa.*—The increased estimate under this head, which is due to the increase expected from shop and cart taxes in the Chiknayakanhalli municipality, is approved.

5. *X Miscellaneous (m) Contribution.*—The re-transfer to the Public Works Department of portions of Provincial roads within the municipalities of Tumkur and Sira with their mileage allotments, in accordance with Government Proceedings No. 389-401—2211-23, dated 2nd May 1899, accounts for the decrease in the estimate under this head, which is sanctioned.

6. *Opening Balances.*—The closing balances as per sanctioned budgets for 1898-99 will be entered as the opening balances in the present budgets.

EXPENDITURE.

7. *II. Head Office and III. Collection.*—The increase and decrease under these heads in the budget of Tumkur are only nominal, being due to the transfer to the head "II. Head Office" from "III. Collection" of the pay of a municipal clerk on Rs. 10 per mensem employed in the Tumkur Vice-President's office. The provisions will be retained pending the issue of final orders on the statement of fixed annual contribution called for from the Comptroller towards the cost of Local Fund establishments as recently revised, and the receipt of proposals for collection of municipal taxes by a separate agency.

8. *IV. Conservancy.*—The present budgets provide for the increases noted below on account of establishments and conservancy carts. These are sanctioned and the provisions approved:—

	1898-99.			1899-1900.		
	No.	Rate.	Amount	No.	Rate.	Amount.
1. Gubbi—						
Peon	1	5	60	1	6	72
Cart-hire	..	...	..	1	15	180
2. Maddagiri—						
Cart	1	12	144	2	12	288
3. Sira—						
Sweepers	2	5	120	5	5	300
4. Turuvekere—						
Sweepers	4	4	192	4	5	240
Do	2	3	72	2	4	96
5. Chiknayakanhalli—						
Cart	1	12	144	2	12	288
6. Holavanahalli—						
Mutsaddi	..	...	...	1	6	72

9. *VII. Lighting and VIII. Public Works.*—The details showing the number of existing lamps and of those to be purchased as well as the names of streets in which roads and drains are to be constructed and the particulars of other works to be undertaken in each town have not been furnished. The

President explains that lump sums exhibited in consolidated Statement I were as usual repeated in Statement II and requests that lump sums may be sanctioned as it may be late before the lists of works now called for from Vice-Presidents are received and submitted to Government.

Under these circumstances the lump sum provisions made will be retained subject to the submission of details under each sub-head, except in the case of Koratagere and Pavagada, where from want of funds the following reduction will be made:—

	Proposed.	Sanctioned.	Reduction.
Koratagere—			
Supervision	15	10	5
Roads, repairs	100	50	50
Total ..	115	60	55
Pavagada—			
Supervision .	21	10	11
Roads, original .	50		50
Drains, original	50	.	50
Compensation	10	...	10
Total	131	10	121

10. *IX. Charitable Grants.*—The President now states that the Municipal Board of Huliyar have agreed to bear one-third cost of the increase to the pay of the compounder attached to the Local Fund Dispensary in addition to the annual contribution of Rs. 60 sanctioned in Government Proceedings No. 7102-5—65, dated 11th February 1887, and that the means at the disposal of the municipality do not admit of one-third share of the entire cost of the dispensary establishment and contingent charges, amounting to Rs. 80 more, being debited against it. The President's proposal is approved and the provision passed.

11. The other items call for no remarks and are passed.

12. The budget estimates of the several municipalities in the district are sanctioned as per details given in the accompanying appendices of which an abstract is given below.—

No.	Municipalities.	Opening balance on 1st July 1899.	Estimated receipts.	Total including balance.	Estimated expenditure.	Closing balance.
		Rs.	Rs.	Rs.	Rs.	Rs.
1	Tumkur . .	10,653	9,720	20,373	10,738	9,635
2	Bellavi ...	2,130	1,168	3,298	1,662	1,636
3	Koratagere ...	117	986	1,103	1,054	49
4	Gubbi ...	1,676	2,482	4,158	3,808	350
5	Tiptur	3,639	3,212	6,851	4,862	1,989
6	Maddagiri ...	1,262	1,980	3,242	2,299	943
7	Sira . .	1,604	2,158	3,762	2,830	932
8	Chiknayakanhalli .	3,150	3,310	6,460	3,628	2,832
9	Turuvekere ...	809	690	1,499	988	511
10	Huliyar ...	486	772	1,258	1,196	62
11	Pavagada ...	17	834	857	804	47
12	Kunigal ...	1,901	2,495	4,396	3,141	1,255
13	Huliyurdurga .	411	615	1,026	714	312
14	Kadaba ...	1,620	1,064	2,693	1,490	1,203
15	Nonavinkere	1,712	974	2,686	1,443	1,243
16	Holavanahalli .	568	651	1,219	1,176	43
	Total ...	31,764	33,111	64,875	41,833	23,042

13. Notwithstanding the reductions made in para 9 *supra*, the closing balances are less than the prescribed minimum in the municipalities of Koratagere, Gubbi, Huliyar, Pavagada, and Holavanahal i. The President is requested to propose reductions in the sanctioned allotments unless the actual balances on 1st July 1899 are in excess of the sanctioned estimates.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

To—The President of Municipalities, Tumkur District.
The Comptroller to the Government of Mysore.
The Senior Surgeon and Sanitary Commissioner with the Government of Mysore.
The Chief Engineer of Mysore.
The Inspector General of Education in Mysore.
The Superintending Engineer, Sanitary Works, through Chief Engineer of Mysore

Memo No. 3263-9—L. F. 76-98.

Copy to the Presidents of Municipalities in other Districts.

Exd.—H.A.B.
